

MEN WHO SHARED IN GREAT ADVENTURE IN FRANCE PASSING ON

Only 430,000 of the Army of More Than 3,000,000 Will be Ready to Shoulder Musket in 1930—By 1945 None Will be Available for Work in the Trenches

(By The Associated Press)
WASHINGTON, Feb. 10.—Men who shared with Pershing the great adventure in France are passing off the stage as America's defenders.
Official charts show that their place already is being taken by the younger brothers of the A. E. F.
Tomorrow it will be their sons who stand ready to fight for the flag.
The charts show that of more than 3,000,000 men discharged from the war time army up to January 1, 1920, there will be available in 1925 for class one service—and that means battle service, face to face with the foe—little more than 600,000 veterans. By 1930, a decade after their discharge in the prime of their fighting power, only 423,000 will again be ready to shoulder a musket.
Millions trooped to the colors in the great war but even the 18 year old youngsters among them will be men weighted with cares and responsibilities by 1945. They will have married or will have acquired other dependents; they will be broken with years; many will have died, some will be working at tasks as essential as soldiering and none will be left to man the trenches.

SOUTHERN PACIFIC GIVEN CONTROL OF CENTRAL PACIFIC

Was Granted in Full by Interstate Commerce Commission

(By The Associated Press)
WASHINGTON, Feb. 10.—The application of the Southern Pacific company to retain its present control of the Central Pacific railroad by ownership of its stock and lease of its lines was granted today in full by a decision of the interstate commerce commission.
Altho the supreme court in 1922, at the end of 11 years of litigation over the existing merger of roads held them to be a combination in restraint of competition, the commission—with one member dissenting—declared their maintained union was necessary in the interests of the western states they traverse and the country as a whole.
Further, the majority declared the former policy of the nation in demanding maintenance of competition above all other things in transportation service, have been reviewed by the congressional enactment of the transportation act of 1920, permitting general consolidation of railroads under government supervision.
On this ground the maintenance of the merger of the two roads notwithstanding the court's decree was declared to be legally authorized and advisable in view of public necessities.
The opinion pointed out that the conclusions of the commission should be subject to review by the courts before they could become effective.
Commissioner McChord in complete dissent from the view of his associates declared the "findings of the majority contrary to the will of congress as expressed in the legislative act which conferred the powers invoked in this case."
With Commissioner Campbell, who entered a partially concurring opinion, he concluded that the Central Pacific company by its peculiar nature as a corporation could not legally lease its line to the Southern Pacific without special federal legislation.
Traffic agreements reached between the Union Pacific and Southern Pacific systems and between the Western Pacific and the Southern Pacific allowing reciprocal rights for maintenance of traffic service over the Central Pacific lines the majority of the commission held have eliminated nearly all the objections which the western shippers, states and communities have advanced to the merger of the two roads.

AMERICAN IN A PITIFUL PLIGHT
GIBRALTAR, Feb. 10.—Twenty-four young American, mostly college students or former soldiers, are in a pitiful plight here in consequence of a legal entanglement. They were acting as gentlemen on the steamer Lancastrian, bound for Barcelona, Spain, which collided in Gibraltar with a coal bulk and was attached by the owners of the coal vessel for damages.

"Of the 3,128,670 officers and men examined for discharge to December 1, 1919," says the colorless record of the war department "2,931,660 were discharged without disability. It is assumed that by 1925, or approximately five years after discharge they will have attained the status, (having acquired dependents, engaged in essential occupations, incurred disabilities, etc.) of average citizens and would be available (held for service) in the same proportions as obtained with those registered under the last draft."

Application of the census bureau death rate with the knowledge gained of average conditions surrounding the age groups involved by the calling up for examination under the draft act of millions of what time is doing to the great body of trained soldiers peered back into the country after the armistice. That is the basis of the war department calculations as to probable exemptions as the basis too, to the pressure for filling up the organized reserves with new blood each year into an unending reservoir of fighting strength at least partially ready to answer the call to arms.
By age groups the veterans above 36 years in 1918 will have come to exist from a military viewpoint in 1925 and of more than 135,000 in the 36 year class some 20,000 might still be ready for a call. By 1930 all those above 33 years in 1918 will be gone and by 1935 all who were above 25 years in 1918 have vanished from the charts. By 1940 the youngsters who were 23 years old when 1918 brought them to the colors will show a bare 22,000 still ready for active service and by 1945, the 18 year old youths of those days of war could muster probably only 5,319 veterans of St. Mihiel and the Argonne to follow the flag again.

WEATHER

WASHINGTON, Feb. 10.—Weather outlook for the week beginning Monday includes:
Region of Great Lakes—Much cloudiness, occasional snows; temperature normal or slightly below.
Upper Mississippi and Lower Missouri valleys—Considerable cloudiness, probably snow over north and snow or rain over south portion at beginning and again about Wednesday or Thursday; temperature normal or slightly below.
ILLINOIS—Generally fair Sunday, preceded by unsettled in extreme south portion; Monday probably fair; not much change in temperature.
MISSOURI—Generally fair Sunday and Monday; not much change in temperature.
IOWA—Generally fair Sunday and Monday; little change in temperature.
CHICAGO and vicinity—Cloudy Sunday morning followed by fair in afternoon and on Monday; somewhat colder Sunday; moderate northwest winds becoming variable.

TREATY PROJECT OF LORD CECIL WAS PRESENTED

Provides for Military Force Against Any Aggressor State

(By The Associated Press)
GENEVA, Feb. 10.—Lord Robert Cecil's project for a treaty of mutual guarantees providing for an international military force to be used against any state assuming the role of an aggressor was referred today by the temporary committee on disarmament of the league of nations to a sub-committee for further consideration. It was provided, that meanwhile the technical opinion of the permanent military commission of the league would be sought. The session was probably the most turbulent in the history of the league of nations committee.
M. Viviani of France and Signor Schanzer of Italy declared the time was not ripe for Lord Robert's project. To their suggestion that it be referred to the military committee for further study the British statesman reported that this meant the burial of his project which was intended to pave the way for a reduction in armaments.
M. Viviani held that the treaty stood no possible chance of success unless supported by the various governments and that it therefore should be referred to the military committee the members of which represented the governments.

After a violent debate, Lord Robert's compromise suggestion, that the technicians be asked for an opinion but that the project come again before the disarmament conference in June, was dropped.
The project as presented to the committee follows the outline given in previous dispatches, but Lord Robert decided to omit any concrete plan for reduction of armaments. He explained to the correspondent that general acceptance of the guarantee treaty inevitably would be followed by a general reduction of those armaments which would become necessary.

The treaty provides that the council of the league, by a three-fourths majority vote may decide whether any state is menaced and negotiate a special supplemental treaty affording adequate protection to the menaced state in the form of a military convention.
Any member of the league and, in addition, the United States, Germany and Russia, could adhere to the treaty by notifying the league or the signatories.
Lord Robert said that "to secure eventually reduction of armaments you must give the disarmament countries some form of compensating security."
The problem he added, was first to induce countries not particularly threatened to subscribe to the guarantee treaty, and second, to make the treaty sufficiently effective to safeguard the legitimate apprehension of those countries exposed to aggression. He was convinced that his plan was feasible. Reduction of military forces in consequence of the treaty is dealt with in an annex to the main treaty.
Penalties similar to relations outlined in Article 16 of the league of nations covenant are provided for in the case of any state exceeding the armament limit fixed by the annex.

JAMES H. DANKIN NOW FIELD ATTORNEY

(By The Associated Press)
CHICAGO, Feb. 10.—Several changes in the organization of the Anti-Saloon League designed to secure greater efficiency in the enforcement field were announced tonight.
E. J. Davis has been made superintendent of enforcement in Chicago, and the city and county has been divided into four districts, each in charge of a superintendent in an attempt to secure greater efficiency in enforcement. More aggressive enforcement in other parts of the state is planned by the appointment of James H. Dankin, former superintendent of Alton-East St. Louis district, as field attorney. The new arrangement makes Mr. Dankin's service available throughout the entire state outside of Chicago.
Another change announced was the removal of the headquarters of the southern district from Mount Vernon to East St. Louis.

WANTS STABILIZED WHEAT CORPORATION

WASHINGTON, Feb. 10.—The bill of Senator Gooding, Republican, Idaho, to create a government wheat stabilized corporation with \$300,000,000 capital to buy and sell wheat was reported favorably today by unanimous vote of the senate agricultural committee.

IS VISITOR IN FRANKLIN

Miss Helen Massie, who is teaching in the high school at Bluffs this year, is spending Sunday at her home in Franklin.

ABRAHAM LINCOLN

February 12, 1809—April 15, 1865

By Berion Braley
ALWAYS he saw himself as but a man;
A spirit moving in an earthly clod.
Always he held himself as of the clan
That hews the wood and tills the stubborn sod;
He had the gift to vision and to plan
Simply and truly. All the ways he trod
Were humble, common ways; yet now we scan
Lincoln as one who came close unto God.
Man among men, railsplitter, servant, master,
Never he lost the simple human trait;
And thus he saved a nation from disaster,
Faithful in small things, ruler over great!
Walking by common ways at last to death,
Like that poor carpenter of Nazareth.
(Copyright, 1923, NEA Service)

Prominent Worker Plunges to Death

(By The Associated Press)
NEW YORK, Feb. 10.—Mrs. Louise Hartshorn Leeds, sister-in-law of Princess Anastasia of Greece and prominent charitable worker plunged to instant death today from a fourth story window of her fashionable East 65th Street home. Her husband, Warner M. Leeds, clubman and former vice-president of the Leeds-Tinplate interests, lying ill in the home, had not been apprised of the tragedy. Mr. Leeds was a brother of the late William B. Leeds, "Tinplate king," who was princess Anastasia's first husband. He has been ill for ten years.
Friends of the family expressed the conviction that Mrs. Leeds' death had been accidental. The police reported the death to the medical examiner as a suicide.
Mrs. Leeds, once a social leader had suffered a nervous breakdown recently and had spent several weeks in a private sanatorium. She had returned home only a few days ago and was under the care of a trained nurse, Miss Eleanor Walker.

QUINCY INTERESTED IN LOCAL HIGH SCHOOL

The Quincy Whig-Journal of a recent date carries a three column picture of the Jacksonville high school, together with some descriptive matter. Quincy people are now agitating the question of building a new high school and the Whig is evidently in favor of the project and has carried several articles telling about what Jacksonville has done.
The last Whig-Journal article concludes with the sentence, "Wouldn't we like to trade high school buildings with Jacksonville."
SAYS PHILLIPS WOMAN WILL BE EXTRADITED
Los Angeles, Cal., Feb. 10.—If Clara Phillips, escaped Los Angeles burglar, is found in Mexico she will be extradited, President Obregon declared in a cablegram to the Los Angeles Examiner which that newspaper will print tomorrow. The message was sent in reply to an inquiry from the Examiner.

ASSIGNED TO SPECIAL WORK

M. L. Hildreth, deputy state factory inspector, will go to Chicago tonight to spend two weeks in some special inspection work in Chicago, Aurora and Rockford.

INCREASED DOUBT AS TO ULTIMATE FATE OF MEASURE

Much Harrassed Shipping Bill May Fail of Final Passage

(By The Associated Press)
WASHINGTON, Feb. 10.—With congress adjourning sine die at the end of another three weeks the troubles of the much-harassed administration shipping bill have multiplied so that even its friends said tonight that its ultimate fate was in increased doubt.
Several new plans of attack were laid today and a compromise move among Republicans desiring drastic amendments was instituted at a conference with President Harding at the white house. Senator McNary, Republican, Oregon, author of several amendments modifying the subvention and other provisions of the bill with several senators, discussed a compromise plan with the president, but action went over until next week when Chairman Lasker of the shipping board is to be consulted.
In the senate today administration forces won a preliminary victory when they were able by a vote of 31 to 26, to order that the senate meet earlier than usual next Monday to resume consideration of the bill. Seven Republican opponents of the shipping bill voted with the Democrats against the proposal, but the totals were hailed by administration senators as a barometer of strength if they could bring the bill to a vote.
Administration leaders claimed 53 pledges for the bill, but some of these were said to favor radical revision.
Late today after another speech of nearly five hours by Senator Fletcher, Democrat, against the bill, Senator Jones, Republican, Washington, the administration manager for the measure, proposed another agreement to curtail debate in an effort to bring about a vote.
Under the plan each senator be limited after February 16 to one hour on the bill and 30 minutes on amendments. If the bill should not be passed, a still sharper limit would become effective Feb. 20. Opponents of the measure indicated they would refuse unanimous consent for such an agreement when it is brought up for action.
Altho Senator Jones' program contemplates holding the bill continuously before the senate until February 20, at least senators in charge of the British debt funding bill reported to the senate today from committee said they would move to bring it up early next week, probably Tuesday or Wednesday. This move is expected to have the opposition of Senator Jones who said today that if laid aside once more the shipping bill would be virtually defeated.
With Republican leaders thus in disagreement the bill's opponents were preparing new moves against the proposed legislation.
One hostile move was a plan to bar "lame duck" senators from voting if a roll call should be reached. Thus it was said would deprive the administrative side of its margin insuring passage. Republicans of the new progressive bloc and some Democrats were said to be cooperating as a resolution which would deprive really long members of a vote on the ground that the shipping bill was an issue flouing in their defeat last November.

GERMANY HANDS ANOTHER NOTE TO THE FRENCH

Former Note Had Answer to Several French Notes
(By The Associated Press)
BERLIN, Feb. 10.—It is officially announced that the German charge de affaires in Paris today handed the French government the following note:
"With its note of February 4 the French government sent back the note of the German embassy of January 31, at the same time intimating that it could in the future receive no more communications containing any criticisms of the reparations findings or the measures taken as a result thereof.
"In the future the government must first point out that the returned German note contained an answer to several French notes in which the French government imputed various breaches of the peace treaty to the government of the Reich.
"The reich government has not made any mention of the reparations commission's decision but merely called attention to the fact that the German action censured by the French government was simply an inevitable consequence of the march into the Ruhr, contrary to the treaty.
"In seeing criticism of the measures of the reparations commission therein, the French government evidently takes the stance that the reparations commission by its decision of January 26 at the same time acknowledged the legality of the Ruhr action, but even should that be so, the reparations commission could only give an interpretation of the peace treaty by unanimous decision. That was not the case on January 26.
"If the French government, moreover, once and for all declines to listen to the German reparations it is demanding that Germany should tacitly acquiesce in everything it thinks fit to do. That would be contrary to all the rules of peaceful international intercourse.
"The French government in its consciousness of the weakness of its legal position is apparently desirous of evading the necessity of bestowing careful consideration on the German objections. That will not, however, deter the German government from voicing its objections in accordance with law and justice."

NINE ARRESTED IN CONNECTION WITH MURDERS

Clarksburg, W. Va., Feb. 10.—A series of murders and dynamite attacks, covering a period of two and one-half years in Clarksburg and Fairmont, W. Va., and Uniontown, Pa., has been terminated by the arrest of nine men in this region and two in the Pennsylvania city, Clarksburg's police officials announced today. Other arrests have been made at Baltimore and New York in connection with the case which the police officials described as "a blackhand reign of terror."

THE DAY'S EVENTS IN WASHINGTON

Federal authorities considered a request of the New York state fuel administrator for a partial embargo against anthracite shipments to Canada.
A bill to create a government wheat stabilization corporation with \$300,000,000 capital was favorably reported by the senate agriculture committee.
The house adopted a joint resolution directing the shipping board to pay the Norwegian arbitration ship-claims of \$1,955,000 from its claims fund.
The senate finance committee voted a favorable report on the British debt refunding legislation with minor amendments as passed by the house.
President Harding conferred at the white house with several senators opposed to the administration shipping bill in an effort to smooth its course.
Secretary Weeks announced that arrangements had been completed by the army air service for an experimental airplane flight from the United States to Porto Rico by way of Cuba.

DAWSON MINE DEATH LIST WILL PROBABLY REACH TOTAL OF 120

Officials Have Abandoned Hope of Finding Any of the Missing Men Alive—Total of 54 Bodies Already Removed—Devastation in Mine Appalling, Manager Says

(By The Associated Press)
DAWSON N. M., Feb. 10.—Dawson's death list in the disastrous blast which wrecked Mine No. 1 of the Phelps-Dodge Corporation Thursday last probably will be 120. Officials have abandoned hope of finding any of the missing men alive, it was announced late today.
In addition to the 54 bodies already removed, J. B. Morrow, outside superintendent of the property announced rescue crews are one the way from the far stretches of cross-cut No. 4, nearly two miles from the mouth, with nine others. The body of Albert E. English, foreman, was removed shortly after 4 o'clock.
The main tunnel has been partially cleared virtually its entire length. The 4 o'clock shift this afternoon leaving cross-cut four cleared of gases and partially rebuilt, attacked the task of opening a way thru cross-cut five, six and seven north—the longest of those remaining. Officials of the company tonight were wrestling with the mass of administrative details resulting from the deaths of Thursday's day shift.
Organization of a welfare department to care for dependents, burial of the victims and reconstruction of the mine were some activities of the large corps of company officers and employees stationed here.
In the group of more than 200 crowded about the mine entrance this afternoon were those who still hope that their loved ones lived.
Devastation within the mine is appalling, according to Manager Brennan.
The overcasts have been blown away, the hanging walls have caved in in many places, the water system in the tunnels has been shattered, openings have crumbled before the force of the blast and huge piles of debris litter the workings from end to end. On the north side of the main tunnel fresh air has been carried to the fourth cross cut. Five, six and seven still remain to be freed of foul gases on the north side of the tunnel. On the opposite side of the entrance workers have penetrated to the eleventh cross cut but fresh air has not been re-established in all of them.
The workers have not gone the full length of the cross cuts on the south side of the entry. In some they have advanced for several hundred feet. In eleventh cross cut south the workers reported they saw far back in the entry the bodies of a trip man and a nipper.
Three probable explanations for the blast were given by Manager Brennan. A miner may have carried a match into the workings, altho all workmen are searched for inflammables. An electric wire may have caused a spark which ignited dust in the mine or a spark from a mine car may have set fire to dust or gases.
The first bodies of mine victims are to be interred in the Dawson cemetery tomorrow. Services will be at private homes of the deceased.

SANCTION IS GIVEN BY THE HOUSE TO DEBT SETTLEMENT

May be Called up in Senate the Middle of Next Week

(By The Associated Press)
WASHINGTON, Feb. 10.—Approved by the finance committee 8 to 3 the bill passed yesterday by the house giving congressional sanction to the British debt settlement agreement was reported formally today to the senate.
Chairman McChord indicated it was his intention to call the measure up the middle of next week, but whether it would be possible to displace at that time the administration shipping bill, now the unfinished business of the senate remained to be developed.
One Republican, LaFollette, Wis., and two Democrats, Walsh, Massachusetts and Gerry, Rhode Island, voted against the bill in committee, and one Democrat, Williams, Mississippi supported it. The seven Republicans voting for a favorable report were McChord, North Dakota; Smoot, Utah; Watson, Indiana; Curtis, Kansas; Dillingham, Vermont; Calder, New York, and Frelinghuysen, New Jersey.
A brief hearing on the bill was held by the committee, behind closed doors, Senator Smoot, a member of the American debt commission, going into some details of the negotiations with the British commission. He declined to answer a number of questions put by senators on the ground that the information was of a highly confidential character.
Senator Smoot was reported to have told the committee that the agreement entered into was a modification of the original American proposal, which contemplated a flat interest rate of 3 1/2 percent over the entire period the loan was to run. This was unacceptable to the British government and the terms finally agreed upon 3 percent for the first ten years and 3 1/2 percent thereafter for the remainder of the term. At the request of Senator Reed, Democrat, Missouri, Senator Walsh requested that the committee vote be deferred until next Thursday when Senator Reed expects to return to Washington, but Republican leaders wanted to get the measure on the senate calendar immediately. They agreed not to call it up in the senate until Senator Reed desired.

MINE WORKERS ARE ENJOINED IN WEST VIRGINIA FIELDS

Must Not Use Violence or Persuasion With Miners

(By The Associated Press)
LOGAN, W. Va., Feb. 20.—The United Mine Workers of America cannot do anything either by violence or persuasion to unionize or cause to be unionized the non-union miners in Logan county, West Virginia, under two injunctions issued today by Judge Robert Bland in the Logan circuit court. The court action was taken after hearing arguments for the plaintiffs in two equity cases, one brought by 80 non-union miners acting for themselves and for others and the other by fifty non-union coal companies. The injunctions forbid the union officers named as defendants and their agents employees or representatives from doing anything that will suppress or unduly restrain the rights of the miners to work as non-union miners or interfere with their right to contract with their employers. They are also forbidden to do anything in Logan county "that will create or tend to create and establish a monopoly of mine labor or from interfering with or restricting free competition." Union mass meetings at any place in the county where coal mines are situated or the massing of union members and marching them in Logan county are also put under the ban along with "anything that will intend to intimidate said miners while exercising their lawful rights while working as non-union miners."

FIND FORMER PROHIBITION OFFICER NOT GUILTY

Milwaukee, Wis., Feb. 10.—Nelson A. White, former chief of prohibition enforcement division of the eastern division of Wisconsin tonight was found not guilty by a federal judge of accepting a bribe of \$6,000 from a wholesale liquor dealer for the purpose of giving him permits to buy and sell 200 cases of whiskey illegally.

A THOUGHT

But they shall sit every man under his vine and under his fig tree; and none shall make them afraid: for the mouth of the Lord of hosts hath spoken it.—Mic. 4:4.

O Peace! thou source and soul of social life;
Beneath whose calm inspiring influence
Science his views enlarges, Art refines,
And swelling Commerce opens all her ports;
Blessed be the man divine, who gives us thee!
—Thomson

WEAKER AND WISER

If all sayings were as empty as the remark that the generations are growing weaker and wiser, the world would be poor in proverbs. Weakness and true wisdom are not companion ideas. It may be true that the races of man are growing weaker; but the reason lies in the fact that they have lived, loved, hated, warred, played and done a thousand other things, not wisely, but too intensely. The truly wise man is he who knows his weakness and seeks to overcome it.

'HONEST ABE'

Again we observe the anniversary of Abraham Lincoln's birth in 1908. And it occurs to many of us, that Lincoln's steadily becoming greater with the passing of the years. He died in 1865—

only 58 years ago, which is a short period in humanity's history—but already he is being glorified into an almost legendary character. That is because history is classifying him as a force rather than as a man. His philosophy of personal liberty and the proper inter-relationship of human beings is, today a world influence.

From log cabin and obscure poverty to the presidency and international fame; Lincoln towers as an indelible reminder of what America offers to real ability, regardless of humble origin. Surely the career of "Honest Abe" is a constant inspiration to all Americans struggling to make this, a better world for themselves and for others.

THE BUSINESS AGE

History will mark as one of the outstanding features of the twentieth century the remarkable advancement in commercial enterprise. The most promising careers for young men today lie in the business world. The man who can find a new method of doing business more efficiently and less expensively, or can discover a new combination that will yield greater returns on an investment has his fortune made before he starts.

Trade is becoming a science, and experts in every line of commerce are constantly on the alert to improve their methods. However, the business increase is not founded on speculation or unsound propositions, but on solid foundations of finance and the hard work of sane business men.

THE HUMOR OF LINCOLN

The saying sense of humor served to a better purpose than in the strenuous and overburdened life of Abraham Lincoln. The man who bore with patience the troubles of a nation at war often lightened the strain by a good story. At a time when a whole people had almost forgotten how to laugh, the president told his jokes and smoothed out many a difficulty by humor that might not have been bridged by diplomacy or argument.

Lincoln's humor was not of the magazine joke column sort, used only to amuse and tickle the fancy. It was usually employed to illustrate a point, to explain a problem, or to solve a difficulty. His jokes were taken from the

BERTON BRALEY'S DAILY POEM

THE PURITAN

By Berton Braley

I'M very much surprised to find I have a Puritanic Mind.
It seems I'm Middle Class, at heart,
With very narrow views on Art.
My Realistic friends disagree
Completely in this view of me,
Although I thought I could applaud
Myself as being Very Broad.

Upon my Literary Taste,
THE charge they make is doubtless based
For I have often said that I'm
Not fond of printed ooze and slime
And tales where filth and lust run rife
Which some folks call as "true to life."
I know life isn't wholly pure
But neither is it all a sewer.

AND so I frequently declare
That I can't bring myself to care
For dirt for dirt's sake, or for truck
That bathes, by preference, in muck.
Great genius can touch with fire
The degradation of the mire,
But it's the fire—I beg to state—
And not the mire that makes it Great.

I DON'T like namby-pamby stuff
But neither can I stand the stuff
By those who ride a garbage scow
And cry, "The world smells rotten, now."
So if the test of being Broad
Is that I joyously applaud
Each Porographic book I see,
Then Puritan's the name for me!

(Copyright, 1923, NEA Service)

lives and characters of those whom he had known in earlier days, and were only acquired thru an ability to appreciate the ridiculous side of life and see fun in commonplace incidents.

NO GROUP STANDS ALONE

An article which appears elsewhere in this paper, addressed by F. G. Butte to the foremen of the Kansas City Railway Co., includes suggestions which have general public value. Mr. Butte in an unusual way appeals to the pride and common sense of the company in its presentation of the ideals for public service.

The thought is particularly im-

pressed of how inter-dependent is capital and labor. Mr. Butte speaks of the company, the manager, the employees and ultimate consumers as the four component parts of a business system, all necessary, all inter-dependent.

The paragraphs while addressed to a special group of men carry a worth while message to a much larger audience.

THE ISOLATION HOSPITAL PROJECT

The movement for securing an isolation hospital for Jacksonville is quite well under way. The project was given additional impetus by the Woman's club program Saturday afternoon, when a group of well qualified speakers explained the need for such an institution.

When the subject is considered it is really surprising that such hospital facilities have not long since been provided. The purpose is to build an annex to Pasavant hospital such an institution at a cost of \$20,000. That is such a small sum by comparison with the value of the hospital facilities that will be furnished that the wonder increases that such a hospital was not long since provided.

An isolation hospital will be an investment that will pay big dividends, and it can properly be accounted among the valuable assets of the city.

ITS A GREAT MOVEMENT

While the anniversary of the Boy Scout movement is being observed in Jacksonville only in a somewhat informal way, the anniversary is one worthy of public attention and interest.

The Boy Scout Movement recognizes the inherent "gang" instinct in the boy, but turns it into wholesome channels thru Scouting's red-blooded play, and to constructive end thru a fascinating program of activities.

The Scout Movement supplies wholesome fun for the boy in his leisure time. It converts a bullying into true leadership, boasting into modesty and accomplishment, bragadocio into deference for older people, vandalism into respect for property, selfishness and indifference into thoughtfulness for others and voluntary service, roughness into kindness for the poor, the weak, the needy.

"We claim there are no bad boys," says Chief Scout Executive James E. West. "The boys are misdirected, undirected, idle boys. Scouting directs and keeps the boy so busy with wholesome activity that he has no time for wrongdoing."

Scout Movement recognized as one of the most powerful deterrents of juvenile delinquency, and receives the endorsement of the judges, teachers, clergymen, parents, members of organizations for civic and social improvement.

ADD THREE WORDS A DAY TO YOUR VOCABULARY

Temperamental
Adjective; pronounced tem-per-a-men-tal; accent on first and fourth syllables; possessing the peculiarity by which the mind, of acting, feeling or thinking is permanently affected, or pretended. Example: He would advance more rapidly in his profession (art of life-work) if he were not so temperamental.

Unwanted
Adjective; pronounced un-wan-ted; accent on second syllable. (Uncommon; unusual; rare; not common. Example: It was a most unwanted thing for him to do under the circumstances.)

Blasphemous
Adjective; pronounced blas-fer-mus; accent on first syllable. Uttering, containing or exhibiting irreverence toward sacred things; abusive; defamatory; impious. This word was formerly pronounced with the accent on second syllable, but the above is more euphonious and universally approved by critical speakers.

New Jewett Sedans Here
O'Donnell Motor Co.

ISOLATION HOSPITAL PLANS DESCRIBED

The isolation hospital which is to be known as an annex to Pasavant hospital, will represent the best ideas in building and equipment for such a purpose. H. J. Rodgers told members of the Jacksonville Woman's club yesterday. The plans were prepared by Architect Pinson after diligent research had been made and data had been secured from numerous individuals and institutions.

The annex will be about 45x70 feet in general dimensions, one story high, with basement under all. It will be of brick and concrete construction and the roof will be flat.

On the main floor the central corridor will extend the length of the building. The corridor at each end will be closed with prism glass to make a special feature of lighting. There will be six rooms on each side of the corridor, each one large enough for two to four patients.

Each of these rooms can be entered by a door from the outside which will open on a wide platform running the length of the building on each side. The partitions in the building will be largely of glass, so that the building will be very light and the at-

patients have greater ease in observing their patients. Doors to the rooms will have complete lavatory and toilet facilities, and all of the equipment will be of the best known type for isolation hospitals.

The hospital is to be constructed in the northeast part of the city, on vacant grounds and will be so located that an addition can be built at the north end later if desired.

The main entrance will be at the south end for doctors and nurses. There will be near the entrance rooms, equipped with showers and lockers. In the basement the space will be occupied by the linen room, utility room and diet kitchen. There will also be found the sterilizing room. Laundry will be delivered in sealed packages from the main floor to the sterilizing room by means of a specially constructed chute, and the heat will be supplied from the central heating plant.

These details are not complete but give assurance that the hospital when erected will be of a thoroughly modern type.

VALENTINES See big assortment, at Lane's Book Store

Mrs. M. Raps of Springfield is in the city, called here by the illness of her daughter, Mrs. J. G. Kuppler.

TUESDAY ROAD MEETING SCHEDULED FOR 11 A. M.

Many Jacksonville business men are planning to go to Springfield Tuesday to attend the road hearing before Governor Small and officials of the road department. Representative Samuel E. Moore, who has been active in arranging for this hearing, has called attention to the fact that the hearing has been set for 11 a. m. Tuesday.

Jacksonville people who expect to attend are requested to keep this in mind in arranging for the trip. The meeting as previously noted, is for the purpose of boosting the proposed hard road project for a route which will run from Jacksonville thru Franklin, Waverly, Auburn, Pawnee, Kila and thence to Taylorville.

Our idea of a lucky man is on who never had occasion to change his opinion of himself.

Mustard plaster will not blister if the white of an egg is used in their preparation.

FAIR DIRECTORS MET YESTERDAY

Considered Offerings of Various
Agencies for Amusements for
the Next Fair—Report Made
on Debut Meeting.

The board of directors of the
Morgan County Fair Association
met yesterday afternoon at the
headquarters in the Chamber of
Commerce rooms and considered
the offerings of different booking
agencies and amusement con-
cerns. Frank Drury presided and
there was a good attendance of
board members. Howard Steven-
son and Clark Stevenson made re-
ports of the convention of Agri-
cultural Fairs held in Decatur
during the past week, and ex-
plained the formation of the new
fair circuit which includes the
fairs in the vicinity of Jack-
sonville.

During the meeting the ques-
tion of a budget for the coming
year was discussed and other
plans for the fair perfected. The
question of the appointment of
judges for the 1923 fair was also
discussed but no definite appoint-
ments made.

Representatives of the Nat-
Reese Amusement company, the
Guy Baldwin Booking agency,
and the Mentor Fireworks com-
pany met with the fair directors
yesterday. No definite contracts
were made at this meeting, how-
ever, and it was decided to make
the final decisions as to the enter-
tainment concessions for the fair
at a later date. The board of di-
rectors will meet next Saturday,
Feb. 17th, for another meeting in
regard to the matter.

SPANISH WAR VETS TO HAVE OBSERVANCE

Local Post Will Listen to Memo-
rial Address on Anniversary of
Sinking of the Maine—To At-
tend Church Service at Later
Date.

Thursday, Feb. 15th, being the
twenty-fifth anniversary of the
sinking of the battleship Maine,
which was one of the contributory
causes of the war with Spain, all
Spanish War organizations in the
United States are planning to
hold memorial services in com-
memoration of this event.

William H. Rule Camp, No. 96,
of Jacksonville will attend a radio
program at the School for the
Deaf. Past Commander-in-chief
Oscar E. Carlstrom will broadcast
his memorial speech from Station
WOC located at Davenport, Ia.
This will be accompanied by a
special program of band music.
The broadcasting beginning at
8:30 p. m.

On Sunday evening, Feb. 18th,
the members of the local camp
will march in a body to the Cen-
tral Christian church to attend
the memorial service conducted
by Rev. M. L. Pontius, at 7:30
p. m. All patriotic and civic or-
ganizations are cordially invited.
This invitation is also extended
to the general public.

Farmers State Bank in Con-
cord at hour and date above
mentioned, by heirs of
Charles Sanders, deceased.

Merle Beddingfield, Auct.
W. W. Wright, Solicitor.

FORGER OF CHECK ON LOCAL BANK ARRESTED

R. C. Huggitt, proprietor of the
Huggitt Electric Store at LaSalle,
Ill., and a brother of J. W. Hugg-
itt of this city, was the recent
victim of a forger who passed
an Elliott State bank check at his
store in payment for the purchase
of an electric iron. The check
was supposedly given by the Hart-
well Lumber company. Mr. Hugg-
itt, who is a former resident of
this city, remembered that there
is no such firm here.

He immediately started a search
for the man who had given the
check, and as a result, a man
who gave his name as J. Corrigan
of Peoria was arrested by the La-
Salle police. A complete forger's
outfit was found in his possession.

ARENZVILLE PHONE PATRONS IN MEETING

Was Held to Protest Recent In-
crease in Rates by the Com-
pany.

A meeting of the patrons of the
Arenzville Telephone Exchange
was held yesterday afternoon in
Arenzville. Those in attendance
at the meeting included a large
number of the Arenzville tele-
phone patrons of Cass county and
also residents of the Concord
neighborhood who are patrons of
the line. The purpose of the
meeting was to protest the recent
increase made in telephone rates
by the Arenzville exchange and
also to discuss the possibility of
constructing an independent line
in that vicinity.

The invitations to the meeting
were sent out by C. E. Rice from
the Arenzville district. There are
also about 100 Morgan county
farmers in the region of Concord
who are interested in the proposi-
tion. These patrons are now on
the Arenzville exchange and
would prefer, if possible, to be
connected with the Jacksonville
exchange because of the more ex-
tended service which the larger
Jacksonville branch would afford.
Harry Ogle, Edwin Standley and
John Kershaw compose the com-
mittee of Morgan county men ap-
pointed to take up the matter.
They attended the meeting yester-
day in Arenzville as did also
Farm Adviser George B. Kendall.

A representative of the tele-
phone company was in attendance
at Saturday's meeting and an-
swered questions in regard to the
proposed change. No action in
regard to the matter will be pos-
sible unless sanctioned by the
Illinois State Commerce Commis-
sion.

FRANKLIN MUSICAL CLUB MET SATURDAY

Officers Elected and Other Matters of Business Given Attention at Meeting Saturday.

Franklin, Feb. 10.—The Franklin Musical Club held a meeting Saturday afternoon at the home of Mrs. Joseph Williamson. It was a business session primarily, the election of officers being one feature. There was quite a large attendance of the member and an interesting session was held. The officers chosen are:

President—Mrs. W. C. Calhoun.

Vice President—Mrs. Charles Gibson.

Secretary—Mrs. Charles Ryan.

Treasurer—Miss Edith Flynn.

The program committee was also named as follows: Mrs. Samuel Darley, chairman; Miss Grace Hill, Miss Blanche Harney, Mrs. W. C. Calhoun.

Two musical numbers were given during the afternoon. Mrs. Darley and Mrs. Gibson playing a duet and Mrs. Calhoun a piano selection, Beethoven's Sonata.

Plans were discussed during the business session for a manufacturers' sample sale to be held some time within the next

month. The members hope by this sale to add quite materially to their treasury.

The club's next regular meeting will be on Feb. 24th at the home of Mrs. L. J. Massie. On Feb. 25 the club will give a special program, and on some date not yet fixed will present an operetta.

Knights of Columbus Euchre and Dance Tuesday night at 8 o'clock prompt. Better than ever this time.

CARD OF THANKS

We wish to thank our neighbors and friends for their many acts of kindness at the time of the death of our husband and father, Arthur Seymour. The sympathy expressed at the time of sorrow will not be forgotten. We especially desire to thank all those who sent flowers.

Mrs. Arthur Seymour
Warra Seymour and Family.

Knights of Columbus Euchre and Dance Tuesday night at 8 o'clock prompt. Better than ever this time.

Miss Grace Gillham is ill at the home of her sister, Mrs. Charles Ehnie on West State street.

MOST DANGEROUS RADICALS THOSE PREACHING REVOLT

This is Opinion of Harvard University Professor

(By The Associated Press)

NEW YORK, Feb. 10.—Persons in open revolt against the prohibition laws and all those who preach disregard of law are the most dangerous radicals in the United States, Professor Albert Bushnell-Hart of Harvard University declared today. His address was one of several during discussion before the national republican club of the question is "radicalism undermining constitutional government in the United States?"

The radicalism of the forces of lawless reaction, Professor Hart said was far more dangerous than the radicalism of those who desired to bring about changes in the American form of government.

State Senator Clayton K. Lusk, who served as chairman of the legislative committee that investigated radicalism in this state declared that the strength of radical movement in this country had diminished considerably during the past few years. The primary need of the nation Norman Thomas, director of the league for industrial democracy declared, was a constitution that easily could be changed to meet the needs of changing economic and social arrangements.

"Radicalism," he said, "is not undermining constitutional government in the United States half as much as the reactionary conservatism which tries to make of the constitution a straightjacket."

ANNIVERSARY IS FITTINGLY OBSERVED

Mr. and Mrs. R. E. Phillips given Pleasant Surprise in Honor of Wedding Anniversary Saturday Evening.

Mr. and Mrs. R. E. Phillips who reside a few miles east of the city, were given a very pleasant surprise Saturday evening. The affair was in honor of the thirty seventh anniversary of their wedding and was planned by a number of their neighbors.

The company which assembled at the Phillips home numbered about 50 and although taken together by surprise Mr. and Mrs. Phillips gave their guests a hearty welcome. The evening was spent with music and games and during the hours delicious refreshments were served.

Among those present were several who attended the wedding of Mr. and Mrs. Phillips thirty-seven years ago. Among these were Mr. and Mrs. Frank Green, Mrs. Stephen Dunlap and Mrs. Dan Moy. It was recalled that on that date the roads were in an almost impassable condition, the mud at some places being hub deep.

The marriage of Mr. and Mrs. Phillips took place in the residence which they now occupy east of the city. They are among the best known residents of that part of the county and their many friends will unite in the hope that they may live to celebrate many more anniversaries of their wedding day.

It's only fair that your domestic help should have a sanitary bathroom of their own. You'll easily think of many other good reasons why their bathing and toilet facilities should be separate from your family's bathroom. It need be, the additional bathroom can be built in an alcove, a large closet, or in any space five feet square. It can be fully equipped at a moderate cost.

ASSEMBLYMEN WILL STUDY BUDGET OF GOVERNOR SMALL

Many Have Comparative Tables Prepared for the Work

(By The Associated Press)

SPRINGFIELD, Ill., Feb. 10.—Members of the fifty-third general assembly will study the budget of Governor Small during the coming week, many having comparative tables prepared to embody in reports which will be attached to various appropriation measures when they are reported out of the committees. That certain of the bills appropriating state funds will have the amounts slashed is indicated by gossip of members of both houses.

During the past week committees in the house and senate held their first meetings since their appointment and aside from making tentative rules but little action was taken.

Speaker David Shanahan visited the house committee and told them to be on the watch to practice economy measures during the present session. The legislature will make an effort during its session to cut down expenses in every form and in the house with Speaker Shanahan teaching the plan of economies it is likely a record will be set for minimum expenditures.

That this is manifest is proven in the movement of Minority Leader John Devine asking for comparative report and investigation into expenditures of the department of public health and Illinois Commerce Commission which was presented before the members left for the University of Illinois Wednesday morning.

Passage of the appropriation measure giving the attorney general \$75,000 for use in prosecution of the Herrin riots and of the bill giving the military department \$120,000 to meet a deficiency is predicted for Tuesday, in the house. Another deficiency measure giving the department of public health \$35,500 for anti-toxin will likely be passed by the house and sent to the governor this week.

The senate has no matters of note waiting to be attended.

A prefatory session will be held at 10 o'clock Tuesday morning with the session for business opening at 5 o'clock. The house convenes Tuesday morning.

MATRIMONY

Hurt-Elliott
Elmer R. Hurt and Miss Rowena Elliott, both of Springfield, were married Saturday afternoon by Rev. G. W. Rancie at his residence. They were attended by Mr. and Mrs. M. Wilson of this city.

The bride is the daughter of Mr. and Mrs. Hugh Elliott and the groom is the son of Mr. and Mrs. W. F. Hurt, both families residing in Springfield.

THIS IS THE WAY IT IS DONE IN ARKANSAS

The way that they do things in some southwestern cities where oil enthusiasm is rampant is shown in news paragraphs in a recent issue of the Pine Bluff Commercial. Pine Bluff is not very far from the famous Eldorado field.

In order to induce companies to develop the Pine Bluff field business men, members of the chamber of commerce of that city, \$25,000 has been subscribed as a bonus for the driller who brings in the first well of 100 barrels or more. In addition the company by whom the driller is employed will receive \$25,000 bonus. The subscriptions to the amount of \$50,000 for this purpose were quickly made by the business men of Pine Bluff when the project was presented to them.

The zeal of the Pine Bluff business men in this matter is based upon their knowledge of what the development of an oil field near the city will mean in the way of business activity.

PROMINENT ST. LOUIS WOMAN VERY ILL

St. Louis papers make mention of the serious illness of Mrs. Kate M. Howard of 33 Vandeventer Place, well known to many Jacksonville people. Mrs. Howard is an aunt of Lloyd W. Brown of this city; Mrs. Edward F. Goltra, Mrs. J. D. Dana and Miss Clara Post of St. Louis. Blood poisoning which resulted from an infection of the foot, is the cause of Mrs. Howard's present serious condition.

Mrs. Howard, who is counted one of the wealthiest and most public-spirited women in St. Louis, has long been a society leader in that city. She has also been active in the work of the Episcopal church and was one of the most generous supporters of Christ Church and St. Luke's hospital.

SEEK NAVY RECRUITS

The U. S. navy recruiting office now located in Springfield is to remain open for another week. A special drive is being made to secure 18,000 men for navy service between the ages of 18 and 32. Seven trade schools are now open to recruits.

Some young men have entered the service with the hope that after they finish eight weeks preliminary training at Hampton Roads that they may join the fleet that leaves on an Oriental cruise on May 8.

The world's annual raw wool yield is reckoned at about 5,000,000,000 pounds.

ALEXANDER MUSIC CLUB MET SATURDAY

Fine Program Given at Meeting Held Saturday Afternoon at Home of Cloyd Douglas Beerup—Other News.

Alexander, Feb. 10.—The Alexander Music club held a regular meeting Saturday afternoon at the home of Cloyd Douglas Beerup son of Mr. and Mrs. C. H. Beerup. There were twenty members present and a program of piano numbers and story telling made the affair a pleasant one.

The piano numbers were given by the following: Irene Lloyd, Virginia Keenan, Rose Hartzell, Lillian Currier, Dollie Fulton and Lillian Kumble. There was a piano duet by Cloyd Douglas Beerup and Miss Edna Bracewell, of Jacksonville, the club being made up of pupils of the latter. The musical stories were by Buddy Strawn and Jane Rober son. Afterward there were music and games and later delicious refreshments were served.

The March meeting of the club held at the home of Buddy Strawn.

News Notes.
F. J. Kaiser has returned from Chicago where he attended the Retail Merchants convention and visited the big markets.

Mrs. George Snyder of Woodson is spending the week end with relatives here.

Rev. F. A. Lucius was a visitor in Franklin Friday.

John Wiegand has returned from Meredosia where he has been on a business trip.

Miss Anna Colwell is spending the week end with Mr. and Mrs. Joseph Ryman at Litterberry.

Mr. and Mrs. Edward Erickson were Jacksonville visitors Saturday.

WINCHESTER

W. B. Clark was able to be at his place of business Saturday for a short time after being confined to his home the past week or more on account of illness.

Rev. Berren of Springfield expects to preach at the Presbyterian church Sunday morning.

Mrs. W. H. Kinslow, who has been ill since Wednesday, is now improving.

The Winchester Ad club have started their gift campaign, and the Ford car which is to be given away at the close was on display in the central park Saturday.

The Standard Bearers of the M. E. church served doughnuts and roast beef sandwiches at the electric light office Saturday. Cooking was done on a new electric range there, the demonstration proving very interesting.

AGAIN AT LITTERBERRY

Mrs. Lulu Henderson is again at the telephone exchange at Litterberry after an absence of several weeks. Part of the time was spent with relatives and friends in Virginia and Chandlerville.

ASSISTANCE FOR INCOME TAXPAYERS

G. W. Schwane, collector of internal revenue for the Eighth District of Illinois, has arranged for Deputy Collector E. R. Kilbride to be in Jacksonville on Feb. 15, 16, 17 and March 5, 6, 7, and March 12, 13, 14, and 15, 1923, at the revenue office, for the purpose of assisting taxpayers in preparing their federal income tax returns for 1922. The deputy's services are absolutely free and the public is invited to take advantage of his assistance.

DENIES REPORT

Charlotte, N. C., Feb. 10.—Denial that he had been called to Atlanta from New York to explain alleged assumption of authority to Dr. H. W. Evans, imperial wizard of the Ku Klux Klax, was made today by Rev. Oscar Haywood, in a telegram to the Charlotte Observer from Rockingham North Carolina.

Dr. Haywood said he was just from Atlanta and had heard no word of censure from the imperial wizard.

WITH THE SICK

Mrs. Harlan Williamson is confined to her home on West College avenue by an attack of influenza.

WEEK END VISITOR

Miss Mildred Funk of Winchester, is here for a week end visit with Mrs. Helen Roberts.

Miss Funk, who taught in the Franklin schools last year, is this year teaching in the schools at Ashland.

"BAT THE RAT" WEEK

This week, the country over, people will make a concerted effort to rid their premises of the destructive rat. If every householder will join in this campaign simultaneously, much good can be accomplished. We recommend the following poisons and destroyers:

Pied Piper Rat and Roach Paste

HOBBSON'S RAT PASTE	RAT-SNAP
RAT CORN	ROUGH ON RATS
RAT-MUM	ELECTRIC RAT PASTE
RAT TERROR	POISON WHEAT
RAT BIS-KIT	

AZORA RAT VIRUS

This is very deadly. One rat inoculated with this poison will communicate the deadly germs to other rats, thus wiping out "armies" of them with a single stroke.

NEWS OF THE SPORT WORLD

ANNOUNCES LIST OF SCHOOLS IN TOURNNEY

Eight Entries in Class A and Nine in Class B—Drawings to Be Held February 15.

The list of high schools entered in the Jacksonville District Basketball Tournament, to be held here on March 1, 2 and 3, was announced yesterday by Principal W. L. Kaiser, local manager of the tournament. The list includes seventeen high schools and the tournament will be one of the largest ever held in the city. Jacksonville sport lovers are already looking forward to the tournament with keen interest and the list of high schools entered for the annual tourney points to a keen rivalry for the district championship.

The following schools are entered for the Jacksonville tournament:

Class A—Jacksonville, Waverly, White Hall, Winchester, Griggsville, Pleasant Hill, Mt. Sterling and Virginia.

Class B—Vanderbilt, Bluffs, Franklin, Chanterville, Murrayville, Chapin, Pearl, Meredosia and Champaign.

The following extract from the list of regulations for the 1923 basketball tournament, issued by the Illinois High School Athletic Association, is of interest as regards the classing of different teams: "All schools entering any tournament shall be arranged in the order of their enrollment as given in the latest directory of the State Department of Public Instruction, the larger schools being placed first. The first half of the schools thus arranged shall constitute Class A; the second half, Class B. The teams of each class shall play until the semi-final games are reached. The Class A and Class B leaders shall meet in these semi-finals. The winners of the semi-finals shall compete for the championship as usual. Drawings for the positions within the classes shall follow the rules previously employed by our association."

The drawings to determine the order of games will be made on Feb. 15 at the headquarters of the state association and will be mailed to the local management about Feb. 22. The officials for the Jacksonville tournament will be announced some time within the next few days as they are to be named by the state management. C. W. Whitten, of DeKalb, Illinois, is the tournament manager for the Illinois High School Athletic Association. The Jacksonville high school and is to furnish music at the tournament and this will add greatly to the attraction of the event. The senior class has been rented the concession for the tournament and will sell candy, sandwiches and other "eats" at the gymnasium during the tourney.

The tournament to be held in Jacksonville is one of thirty-three district tournaments to be held in Illinois this season. The list of schools entered in these tournaments comprise a list of representatives from 525 high schools throughout the state. Each school allowed to enter only ten players, the ten being chosen from the eligibility list presented to the local management.

ED SOX TRADE TWO MORE PLAYERS

BOSTON, Feb. 10.—Harold Red Sox catcher, and Albin Smith, pitcher have been traded to the Washington club for three years. Owner Harry Frazee of Boston club announced tonight a telephone message from New York. No money consideration mentioned. The Washington players who will join the Red Sox are the deal are W. J. Pichler, catcher, and Howard Shanks, A. Goebel, outfielders.

WINS FROM MRS. LETTIS

el Monte, Cal., Feb. 10.—Miss Lettis, woman's national champion in 1921, defeated F. C. Lettis, Jr., of Chicago, who has held the women's west-championship three times by and one, and Miss Doreen, daughter of Los Angeles, Calif., who's champion, defeated Miss H. H. H. of Chicago in the finals of the Pebble Beach golf tournament today.

ETS OCCUR IN PRELIMINARY GAMES

Buffalo, N. Y., Feb. 10.—The preliminary games of the first annual indoor tennis tournament of Buffalo Tennis & Squash today resulted in some upsets. Two sets matches were: William T. Tilden, II, national champion, did not play singles but with his young son Sandy, met defeat in doubles at the hands of Mathey and R. Lindsey, national champion.

D. LOST TO GIRARD HIGH

Each Burns' Illinois School for each basketball squad lost to high school in that place night by a score of 24 to 18. L. D. D. squad had a break on the way to Girard and to send back to the Cherry for cars to continue the play. The game was started 10 instead of 7:30 because of delay.

MOORE SHATTERS TWO WORLD'S RECORDS

LAKE PLACID, N. Y., Feb. 10.—Joe Moore of New York shattered two world's skating records this afternoon in the closing meet of the Adirondack gold cup series on Lake Placid rink.

Moore skated the 440 yard event in 37 2-5 seconds, clipping one fifth of a second from the record held by Charles Gorman of St. John, N. B., who previously had been recognized by the International Skating Union of America and drove thru the three mile race in eight minutes, 21 1-5 seconds which was 22 4-5 seconds under the record set earlier in the season by Richard Donovan, Endicott.

The New York skater was high score man for the three day meet here but he was unable to overcome the lead of Charles Jewtraw Lake Placid in the Adirondack gold cup competition. Jewtraw with a point of 80 for the past three days amassed a total score of 410 for the gold cup series and was awarded the trophy. Gorman won the runnerup cup with a point score of 200. Harry Kasky, Chicago and Richard Donovan were tied for third in the series.

The Maxwell "300 point" cup will not be awarded until next year the leading competitor Jewtraw lacking thirty points to the required 300 to capture the trophy. Jewtraw's score for the Maxwell cup was 270 with Moore second with 250, and William Steinmetz, Chicago, third with 180.

The skaters were leaving Lake Placid tonight for St. John, N. B., for the international championship Feb. 14, 15 and 16.

MAY COMPETE UNDER SPECIAL RULE

CHAMPAIGN, Ill., Feb. 10.—Under a special rule announced tonight by Coach Gill, all athletes may compete in the special events at Illinois indoor carnival, scheduled here for March 3. The only requirement of eligibility under the new rule will be that participants in the special features be eligible for variety competition in their own schools.

The effect of the rule will be to admit to the special all men in fourth year competition in schools which sanctioned freshman variety activities.

Otherwise, Coach Gill said, western conference rules will govern the relay. Entries of the University of Iowa received today place the Hawk eye team among the largest yet scheduled for the indoor classic. The Iowa one mile relay team, Keppler, Morrow, Brookings and Wilson, which captured the Illinois relays last year is again of the card. Illinois' hopes for the event suffered a setback today when it became known that Doug Fessenden and Art Hyde, two of the Illinois heavy-work track men were recently declared ineligible for reasons yet unknown. Fessenden holds the quarter mile carnival record for 49 seconds.

AUBREY DEVINE TO WED CALIFORNIA GIRL

DAVENPORT, Iowa, Feb. 10.—Aubrey Devine, all-American football star with Iowa in 1921, will be married to Miss Catherine Hamilton of Pasadena, Cal., tomorrow morning. It was learned here tonight. The wedding ceremony will take place in Fairfield, Iowa, and Rev. O. B. Devine, brother of the groom, will perform the ceremony. Devine is a junior in the Iowa Law School. Miss Hamilton is also a student at Iowa.

WINS SKI AND SNOW SHOE TITLE

Manover, N. H., Feb. 10.—Dartmouth again won the inter-collegiate ski and snow shoe championship when it closed the thirtieth annual winter carnival today with 24 points. McGill University was second with 24 points.

WILL TRY TO GET FRED TONEY TO PLAY

St. Louis, Mo., Feb. 10.—Manager Branch Rickey of the St. Louis nationals tonight announced every effort would be made to have pitcher Fred Toney with the Cardinals this season. Toney failed to report to the local club last season after being obtained from Boston. Mr. Rickey explained the Cardinals club already has spent "quite a sum" on the Toney matter. Toney never has explained his stand, Mr. Rickey said.

SIGARD OVERBY WINS OPEN CROSS COUNTRY RUN

Minneapolis, Minn., Feb. 10.—Sigurd Overby of the Municipal Ski club, St. Paul, today won the open cross-country run, the opening event of the national ski tournament. He covered the six-mile course in 38 minutes.

GOPHERS AND BADGERS PLAY TO A TIE

Madison, Wis., Feb. 10.—Minnesota and Wisconsin played an extra period one to one tie in Western Conference hockey contest today. The Gophers had the edge in offense play but were unable to penetrate the Badgers' defense at the finish.

ST. LOUIS U. WALKS ON ILLINOIS 36-12

Coach Harmon's Men Show Effects of Trip and Lose Game by Large Score—Number of Illinois Alumni and Former Students See Game.

Coach Harmon's blue and white squad, showing the effects of the trip to Rolla, Mo., lost to St. Louis University in St. Louis last night by a score of 36 to 12. Illinois played Shurtliff in Alton Thursday night and at Rolla Friday night. The men had to get up at 4 o'clock Saturday morning to catch a train back to St. Louis where they arrived after a tiresome ride of over three hours.

These results was the men were groggy last night and lacked "pep" thruout the game. St. Louis used the same lineup to start the game that she used here but her men were not going good either. Had they been the score probably would have been larger as Illinois was sadly off her game.

The game was played in a large armory and Coach Harmon and the squad had the pleasure of a visit with a number of alumni and former students of Illinois who are now in business. In St. Louis or attending school there. Among them were: Worthington Adams, Edgar Decker and wife who was formerly Miss Carter, daughter of Prof. and Mrs. T. P. Carter of this city, Edward Theis, John Curran, Albert Dikis, William Calhoun, Byron Carpenter, Margaret and Ann Pessel. The following is the lineup:

Illinois:	F. G. F. T. Tis.
Hiatt, f.	0 0 0
Henry, f.	0 2 2
Goebel, f.	0 1 1
Dale, f.	2 0 0
Mellon, c.	2 1 5
Roberts, g.	0 0 0
Hoskins, g.	0 0 0
Totals	4 4 12

St. Louis:	F. G. F. T. Tis.
Hurd, f.	5 1 11
Sanders, f.	3 0 6
McGovern, f.	0 0 0
Hegler, c.	5 5 15
Steele, c.	1 0 2
Kelly, g.	1 0 2
Young, g.	0 0 0
O'Leary, g.	0 0 0
Totals	15 6 36

Referee—Martins, St. Louis.

WINCHESTER DEFEATS PEARL AT BASKETBALL

Score of 37 to 16 Was Result of Game at Winchester Saturday Night—Other Winchester News

Winchester, Feb. 10.—The Winchester and Pearl high school basketball teams contested here tonight. This game was an interesting one and was seen by a large crowd. The score at the end of the first half stood 17 to 5 in Winchester's favor, and when the game was ended Winchester was victorious by a score of 37 to 16. The Winchester team did some all around good playing thruout, Markille and Groce being the stars. Borum starred for Pearl, his total score being 10 points.

Winchester:	F. G. F. T. Tis.
Markille, f.	5 0 10
E. Lashmet, f.	3 1 7
Evans, c.	3 0 6
Peak, g.	2 0 4
Tibbett, g.	0 0 0
Groce, f.	4 0 8
R. Lashmet, f.	1 0 2
Totals	18 1 37

Pearl:	F. G. F. T. Tis.
Borum, f.	4 2 10
Bagby, f.	1 0 2
Edwards, c.	0 0 0
Joslin, g.	1 0 2
Outwell, g.	0 0 0
Suttin, g.	1 0 2
Moultrie, g.	0 0 0
Totals	7 2 16

Referee—Thompson of Bluffs. The following Winchester boys had part in the game, none of them however scoring any points: Hunkins, G.; Tankersley, J.; McDonald, G.; King, J.; Roosa, F.; Watt, G.; Delan, J.

In a certain raise the Black Cats and the Shamrocks played a good game, ending in victory for the Shamrocks. Winchester plays Griggsville next Saturday night in Griggsville.

FATHER OF DEMPSEY IS SERIOUSLY ILL

Salt Lake City, Utah, Feb. 10.—Jack Dempsey, world's heavyweight boxing champion, reached Salt Lake City today from the east to be with his father who is ill at a local hospital. Hyrum Dempsey, father of the champion, is suffering from stomach trouble and his condition is reported as serious. The champion said he had not affixed his signature to articles for a match with Joe Beckett.

PEORIA PURCHASES BUNCH OF PLAYERS

Peoria, Ill., Feb. 10.—The Peoria Baseball club today completed the biggest cash deal in its history, buying five players from Lindington, Michigan club. They include Pitchers, Howey, Boothby, Lahael, Outfielder Napier and Infielder Dick.

JOIE RAY BREAKS MORE WORLD'S RECORDS

NEW YORK, Feb. 10.—Joie Ray, of the Illinois Athletic Club, Chicago, broke three indoor world records established a new indoor world's record at the Wilco Athletic Club games tonight. It was a feat unparalleled in track and annals.

The diminutive Chicago taxi-driver lowered the world's best indoor record for 1-4 miles, for 3,000 meters and for 2 miles indoor and out. He created a mark for 1-7-8 mile indoors.

Ray's new world's records are: 1-4 miles, 7:59 4-5, 3,000 meters, 8:31 1-5, 2 miles, 9:08 2-5.

He ran 1-7-8 miles in 8:34 3-5. The old record for these distances were:

1-3-4 miles 8:10 and 3-5 made by George Bonbag at Buffalo in 1910.

2 miles 9:11 2-5 made by himself in New York in 1917.

3,000 meters 8:31 3-5, by himself.

2 miles outdoor 9:09 3-5 by Al Schrubbs in England in 1904.

In breaking the record Ray won the Hirschhorn trophy for 3,000 meters, continuing on two mile in a special attempt to break these records. He defeated a select field including Walter Higgins of Columbia; Willie Rotals, Finnish-American star and E. O. McLane, University of Pennsylvania runner.

BLUFFS DEFEATED JACKSONVILLE 24-11

Coach Mitchell Starts Second String—Puts in First String to Win Game and They Fail to Deliver.

Coach Mitchell started his second string men against Bluffs high school in David Prince gymnasium Saturday evening. The coach intended to give his second team some valuable experience and then win the game with his first string men.

The scheme worked well enough in the first half. The second string men got some valuable experience in a regular game without having the advantage of a good lead to help them along. The men did fairly well too. The second stringers held the score at 14 to 6 in the first half.

Then the first team went in and here was where the scheme failed to work. The first team could not do as well at hitting the hoop as the seconds. The sum total of their efforts was two field goals and one free throw. To offset this the Bluffs players scored four field goals and two free throws. On the face of returns Jacksonville probably would have lost if the first team had started and played the entire game. Another probability is that the seconds had they been permitted to play the string out would have done as well as the first team.

Neither team displayed much ability in the scoring line. Hyler was the best bet for Bluffs. He made enough points to win the game without any help from his teammates, scoring a total of 16 points. The score:

Jacksonville:	F. G. F. T. Tis.
Benson, f.	1 0 2
Hunter, f.	1 1 3
Malloy, f.	0 1 1
Barr, f.	0 1 1
Fitch, c.	0 0 0
Hopper, c.	0 0 0
Hackett, g.	1 0 2
Hunt, g.	1 0 2
Dewese, g.	0 0 0
Zell, g.	0 0 0
Harrison, f.	0 0 0
Deatherage, g.	0 0 0
Totals	4 3 11

Bluffs:	F. G. F. T. Tis.
Meehan, f.	1 0 2
Hyler, f.	4 8 16
Knoepfel, c.	2 0 4
Kliver, g.	1 0 2
Malley, g.	0 0 0
Totals	8 8 24

MICHIGAN LOSES BEST BASKETBALL MAN

Ann Arbor, Mich., Feb. 10.—Michigan's basketball team will lose its leading scorer "Bill" Miller as a result of this week's examinations it was learned today. Miller fell short in scholastic work and under the conference rules must be dropped from the team. Kipke probably will replace Miller.

MISSOURI TOSSESS DEFEAT GRINNELL

Columbia, Mo., Feb. 10.—Missouri University basketball team defeated Grinnell College 41 to 13 tonight in a Missouri Valley conference game. Missouri was leading 18 to 5 at the end of the first half, and at no time did the pioneers menace the Tigers.

JACKSONVILLE HIGH FOOTBALL SCHEDULE

Local Squad Will Face One of Toughest Cards in Its History—Four Home Games All High Class.

Coach John L. Mitchell, director of Athletics of the Jacksonville High school, announced the 1923 football schedule last night:

A glance at the schedule shows that it is one of the hardest ever played by the local school and contains the names of some of the strongest teams in the state.

While the card is practically complete, Coach Mitchell hopes to book two games prior to the Pittsfield game on October 6 in order to give the men some actual experience before the real games begin. The four games booked for here are with exceptionally strong teams. It contains the names of Peoria Central, Alton, Springfield and Quincy. All of these teams defeated Jacksonville last fall with the exception of Peoria Central. In this contest the teams battled to a 0 to 0 tie. The schedule follows:

October 6—Pittsfield there.

October 13—White Hall there.

October 20—Peoria Central here.

October 27—Alton here.

Nov. 3—Waverly there.

Nov. 10—Springfield here.

Nov. 17—Quincy here.

Nov. 24—(Thanksgiving), Carrville there.

MURRAYVILLE WON FROM MEREDOSIA

Two Teams Stage Hot Battle in First Half—Murrayville Ran Away With the Game in Second Half.

Murrayville, Feb. 10.—Murrayville and Meredosia high schools staged a hot battle here tonight, Murrayville pulling away and winning in the last half by a score of 33 to 20.

The game was bitterly contested in the first half. The score at the half being a tie at 14 all. In the second half Murrayville showed superiority in all departments of the game and scored 19 points while Meredosia registered 6.

Wright was the high scorer for Murrayville with 12 points. Other men who scored were Wood, Carlson, King and Mawson. For Meredosia Walsh and Hyde lead with 9 each while Yeakel scored one field goal.

Murrayville:	F. G. F. T. Tis.
Wright, f.	4 4 12
Wood, f.	2 1 5
Carlson, c.	3 0 6
King, c.	2 0 4
Mawson, g.	3 0 6
Spencer, g.	0 0 0
Totals	15 5 33

Meredosia:	F. G. F. T. Tis.
Walsh, f.	4 1 9
Hyde, f.	4 0 9
Yeakel, c.	1 0 2
Skinner, g.	0 0 0
Bushnell, g.	0 0 0
Totals	9 2 20

Referee—Kennedy, Murrayville.

ILLINOIS SWIMMERS DEFEATED PURDUE

CHAMPAIGN, Ill., Feb. 10.—Illinois swimmers outpointed Purdue in a conference meet tonight 51 to 17 and then vanquished the visitors 4 to 0 in a session of water basketball.

Dithmer won the 50 and 100 yard free style swims for Purdue and Pigot took first place for the Boilermakers in the fancy diving. The Illinois tanskmens gathered first in the remaining five events on the card including the 200 yard relay won in 01:51.1.

PURDUE BESTED OHIO STATE

Columbus, O., Feb. 10.—Purdue tonight bested Ohio State in a three western conference athletic events. The Boilermakers took the basketball game 26 to 21; outclassed the Ohio fencing team 9 to 0 and in gymnastics scored 758.3 points to Ohio State's 714.1.

INDIANA WINS WRESTLING BOUTS

LaFayette, Ind., Feb. 10.—Indiana University wrestlers defeated the Purdue mat men today 17 to 10 winning four bouts by decisions and one by a fall, while Purdue took the two remaining bouts by falls.

WHITE HALL WINS FROM JERSEYVILLE

Exciting Game Saturday Night at White Hall Ended in Victory For White Hall Players.

White Hall, Feb. 10.—A crowd which taxed the capacity of the hall witnessed the game here Saturday night between White Hall and Jerseyville. The score at the end of the final quarter was 20 to 19 in favor of White Hall, the winning basket being made in the last minute of play by McClure forward. The game was very fast and hard fought thruout, White Hall led at the end of the first quarter 3 to 2. Jerseyville led at the end of the half 7 to 5, increasing the lead in the third quarter to 17, while White Hall's score stood at 13. England, White Hall's center, tossed two field goals in the final period, which together with a free throw and a field goal by McClure, put the team ahead.

Jerseyville was held to one field basket in the final quarter. The work of the guards of both teams was very spectacular. Each team was held at 2 field goals in the first half, and the team work of both teams was especially good.

White Hall players played without the services of Goode, regular forward, who is out on account of sickness.

This is White Hall's seventh victory, having lost only one game during the season. This was last week, when Rushville won by a score of 18 to 17.

In a certain raise Jerseyville second team was defeated by the White Hall second team 20 to 7. The score:

White Hall:	F. G. F. T. Tis.
McClure, f.	1 1 3
Kesinger, f.	0 0 0
Williams, f.	0 0 0
England, c.	4 3 11
Smith, g.	0 0 0
Hansberger, g.	3 0 6
Totals	8 4 20

Jerseyville:	F. G. F. T. Tis.
East, f.	0 0 0
Daniels, f.	4 0 8
Engelhoff, f.	2 0 4
Favorite, c.	0 0 0
Harris, g.	1 5 7
McDow, g.	0 0 0
Totals	7 5 19

Referee—Haight, Granite City.

DECISION REACHED IN BENTON CASE

ST. PAUL, Feb. 10.—A decision in the case of Rubie Benton, pitcher, who was sold last fall by the St. Paul American association club to the Cincinnati Nationals and who is under a cloud in connection with the world's series scandal of 1920 is expected next Tuesday at the annual meeting of the National League club owners in New York it was reported here tonight. K. M. Landis, baseball commissioner is expected to make known his decision then it was said.

BOBBY VEACH SIGNS CONTRACT

Detroit, Mich., Feb. 10.—Bobby Veach, Detroit American outfielder for ten years, who recently declared himself a "holdup" today signed a contract for the coming season. Veach demanded a salary increase. No announcement was made of the terms of his contract.

ENGLAND DEFEATS IRELAND AT RUGBY

Leicester, England, Feb. 10.—England defeated Ireland in the International rugby fixture this afternoon by 23 points to 5.

SIGN ARTICLES FOR 10 ROUND BOUT

Dayenport, Iowa, Feb. 10.—Morris Schiawer, Omaha, and Johnny Karr, Cleveland, signed articles today to meet here in a ten round bout on Feb. 23. The men have signed to make 147 pounds at 3 o'clock on the day of the contest.

DOKAYS WILL PLAY MYERS BROTHERS

Fast Capital City Team Scheduled For Game Next Tuesday Evening—Teams Are Old Rivals.

Local fans will again get to see their old rivals in action Tuesday night when the fast Myers Bros. quintet of Springfield meet the Local D. O. K. K. tossers on the David Prince floor.

Last year the Myers Bros. combination defeated the Dokays by a close score but the Dokays feel that in as much as they were defeated when they were not in the best of condition and also that they have greatly improved over last year, they expect to revenge their defeat of last season.

The Dokays are in the best of condition for Tuesday night's game and feel confident of victory altho they know that they can not win "Hands Down" and will go into the game in the best style they know how.

Myers Bros. team needs no introduction as to reputation, having many stars seen on the local floor in previous years, and having one of the best independent teams in Illinois.

The game Tuesday night will be "D. O. K. K. Night" and all Dokays are urged to attend the game and wear their "FEZ."

The Dokays will take their line-up from the following men: Wood (capt.), Kennedy, Struck; forwards; Smith, Lawrence, at the Pivot position, with Jones, Covey, Reynolds and McGehee at guard.

This game will no doubt be the best game of the season and will be called at 7:45 P. M. in order to let the Springfield team make the Wabash train back that night. Coach Mitchell will officiate as Referee.

WILL DECIDE ON LOSS OF FORFEIT

NEW YORK Feb. 10.—The New York State Athletic Commission will decide whether Charley White Chicago lightweight who was benten decisively last night in Madison Square Garden by Rocky Kansas, of Buffalo, must lose his \$2,500 weight forfeit claimed by Kansas because his opponent entered the ring three quarters of a pound over the 135 pound limit.

White today filed a protest with the commission after the Buffalo boxer's manager, Dan Rogers, refused to withdraw his claim.

According to his manager, Ike Dergan, White based his protest on the ground that Rogers made no complaint at the time the boxers weighed in at 2 o'clock yesterday afternoon waiting until 15 minutes later to do so. By this time White had eaten a bowl of broth and was unable to attempt further weight reduction before 3 o'clock the time limit.

He claimed that if notified after leaving the scales he could have worked off the extra 12 ounces.

CORNELL DEFEATS PENN AT BASKETBALL

Ithaca, N. Y., Feb. 10.—Cornell defeated Penn in an intercollegiate league basketball game today 28 to 14. As a result Cornell goes into a tie with Princeton for second place.

SIGN ARTICLES FOR 10 ROUND BOUT

RETURNED TRAVELERS TELL OF SUMMER LAND

Mr. and Mrs. John Shadid are back from South America—Coffee and Corn Grow in Abundance in Country Across Equator.

Mr. and Mrs. John Shadid and son, Melvin, have returned from an extended trip to Brazil, South America, where they have been visiting relatives. On the return trip the weather was warm and the sea smooth. They wore summer clothes until the ship was only a day out from New York. The Shadids have come from the land of summer across the equator. In San Paulo, Brazil, where they spent most of their time while away, the weather is hot, and the season is drawing on toward fall.

Mr. Shadid says that the most important crop in that region this year is coffee. The coffee trees are loaded with berries, and the crop promises to be a bumper, if frost does not come too early. Coffee cannot stand frost, no matter how light. Another important crop is corn. The stalks grow to an enormous height in the red clay soil, and when the travelers left San Paulo, the roasting ear season had arrived.

Fruit and vegetables of all kinds grow well in that country, but watermelons and other fruits are liable to be full of worms. A peculiar thing about it is that there are no holes in the shell of the fruit to show where the pests have entered it; but when opened the inside of the fruit is found to be infested. There are also several varieties of bugs which greatly annoy the population with their stings and bites, often causing lameness and even blood poisoning. If the wounds are not properly treated.

Mr. Shadid was not long in Brazil before he learned that the United States is the pleasant place to live. Traffic regulations in that country are very lax, and cars are allowed to run at top speed thru the principal streets of many towns. There is no rule for giving the right of way or turning to the left or right on meeting another vehicle. The government appears very corrupt, offices can be bought, and the right of the purchaser to hold his job must often be maintained with guns.

San Paulo is largely a farming community. Imported goods are very high, on account of the condition of the foreign exchanges. The population is made up of Portuguese, Syrians, Spanish, Americans and many other nationalities; the American colonies are plainly evident, as they are distinguished by the American built houses and other homelike features.

Mr. Shadid visited Rio de Janeiro and saw the place where the high hill in the midst of the city is being removed. A railroad has been built on the former site of a part of the hill. This has been mentioned in American scientific magazines as one of the great engineering feats of South America.

SHOW ISOLATION HOSPITAL NEED HERE

Speeches by Woman's Club Meeting Saturday Gave Facts About Passavant Annex to Be Erected Soon.

Under the auspices of the social service committee of the Jacksonville Woman's club a special program was given Saturday afternoon purporting to lay emphasis upon the need of an isolation hospital, which it is now proposed to build as an annex to Passavant hospital.

Mrs. A. B. Williamson is the president of the club and Mrs. A. H. Dollear the secretary.

After the reading of the minutes, Mrs. David Reid, who is chairman of the social service committee, was introduced to preside. The program was introduced with a group of songs sung in a very finished way by Miss Ruth Armstrong, who had as her accompanist Miss Virginia Spink.

Then Mrs. Reid briefly outlined the need that has long existed in Jacksonville for an isolation hospital, and referred to the progress that has already been made toward securing such a hospital as an annex to Passavant.

The project was presented in various phases by Dr. R. V. Brokaw, county health officer; H. J. Rodgers of the Passavant board of trustees; Miss Ida Verner of Passavant hospital; Mrs. William Floreth of the Hospital Aid society; Mrs. Frank Green, representing the community federation of clubs; Felix E. Farrell of the Passavant hospital board; Dr. J. C. Ames, representing Illinois college; Dr. J. R. Harker of Illinois Woman's college; Dr. Carl E. Black and Dr. Garm Norbury as representatives of the medical profession, and Mrs. E. W. Brown who for more than a year has been actively identified with the work of the isolation hospital program.

A Community Asset.

It was made clear that an isolation hospital can properly be counted as a real asset to the community, that fine progress has already been made during the securing of the total fund of \$20,000, the investment required for the project. It has been emphasized too that in accordance with the modern views an isolation hospital properly has a prominent site in a city rather than being relegated to some obscure corner.

In introductory remarks Mrs. Reid referred to the fact that the Woman's club is living up to its reputation in aiding this enterprise, and said that after surveying the field the club had felt that it could do no better work than to assist with the isolation hospital program.

Dr. Brokaw took up the theme for his very practical remarks "Where there is no vision, people perish." Figures were given to show that in the period from July 1 to Dec. 31 last year there were in Jacksonville 289 cases of communicable diseases, of this number 32 being typhoid. There were during that period 38 deaths as the result of communicable diseases.

Then Dr. Brokaw briefly outlined reasons why an isolation hospital can be counted as a city asset.

First—It will save life.

Second—It will reduce the number of communicable diseases from the very fact of isolation and the better opportunity afforded to treat the diseases.

Third—The economic factor. With such hospital facilities it will often be possible to permit the family workers, those from whom the support comes, to remain at work, whereas it is not always possible even under modified quarantine regulations.

Then Dr. Brokaw referred to the fact that isolation hospitals in many cities now occupy sites on the most prominent boulevards, the old idea of a pest house located in a sequestered spot in the woods has long since passed away.

The reasons were given why there is advantage in having such a hospital as an annex to a general hospital. Central administration is desirable. Secondly, flexibility of staff results, a less number of nurses being required. Third, there is a desirable reduction in overhead costs.

Dr. Brokaw then emphasized the thought that such a hospital must be well built—that it would be better not to have one at all than to construct one with inadequate equipment.

County Board Would Aid.

Mrs. Reid expressed regret that J. E. Osborne, president of the board of county commissioners, was unable to be present, but quoted Mr. Osborne as saying that the board recognizes the need and is ready to aid the project in every way.

H. J. Rodgers, acting chairman of the executive committee of the Passavant board, gave a general outline of the plans and specifications for the building, which have been drawn by J. K. C. Pierson, architect, the estimated cost being approximately \$20,000. Some of the details given by Mr. Rodgers appear elsewhere in this issue.

Miss Verner, for years the efficient superintendent of the hospital, explained the present difficulties of handling contagious diseases at the hospital. It is not the purpose to admit such cases to the hospital but often contagious diseases develop after the patients have been taken to the hospital from some other ailment. Miss Verner also emphasized the thought that valuable training for nurses will be possible thru the isolation hospital.

Mrs. William Floreth told of the work of the Hospital Aid society which was organized twenty-seven years ago. She said that the society now with its 150 members stands ready to aid and support this hospital program, and

February 12th Lincoln's Birthday

THE more you read and know of Abraham Lincoln, the greater the inspiration from his character.

Unswerving honesty and sincerity of purpose are more than ever necessary today—and it is with pardonable pride we draw attention to the enviable character this Store enjoys in the community.

"He profits best who serves most."

MYERS BROTHERS

in fact has already done something for the project. She gave interesting facts to indicate the valuable financial and personal assistance given the hospital thru the years by this society.

Mrs. Frank Green spoke in behalf of the 1500 members of the county Woman's clubs, voicing the certain feeling that these clubs will be pleased to aid in the project.

F. E. Farrell, long connected with the hospital board, referred to the Aid society work and the further fact that the hospital must show a deficit from year to year because so much work is done on a charity basis. He said it cost \$3.25 a day for service that is given on a \$10 or \$12 a week basis. He made reference to the especial work and interest of Mrs. E. W. Brown in the isolation hospital program. Mr. Farrell also referred to the initial bequest given the hospital by Mrs. Ida Taggart, the greatest gift to the hospital because she left her entire estate. Requests up to the present time total \$22,850.

Colleges Interested.

Dr. J. G. Ames told of the value of the isolation hospital in connection with the educational institutions of the city, mentioning the difficulties that have been encountered in the past in taking care of cases of communicable diseases arising among the students.

A Dr. J. R. Harker also considered the subject from an educational viewpoint and made reference to the arrangements that Illinois college and the Woman's college were recently glad to make with Passavant hospital to take care of any cases of contagious diseases which might arise

in these colleges. Then Dr. Harker, referring to the fact of his pride in Jacksonville, told how the awakened consciences of the people here had enabled them to become leaders in civic, educational and philanthropic work.

The discussion from a medical viewpoint was presented by Dr. Garm Norbury and Dr. Carl E. Black. Both emphasized the advantage of such a hospital to the public in the aid given to physicians in coping with communicable diseases.

In response to a request for information, Mrs. E. W. Brown told something of the fine work done by the Hospital Aid society of Central Christian church. This organization has made a very liberal pledge toward the hospital and is still raising funds for the good work.

JACKSONVILLE, ILLINOIS,

SECTION TWO

SUNDAY MORNING, FEBRUARY 11, 1923

SEARCH FOR BIBLICAL RECORDS IS FINANCED BY BROOKLINE WOMAN

Will Explore Egypt and Palestine in Search
of Long Lost Manuscripts on the History
of the Hebrew Religion—Mrs. Abbie
Beecher Longyear Establishes the Fund

(By The Associated Press)
BROOKLINE, Mass., Feb. 10.—Explorations in Egypt
and Palestine in search of long lost manuscripts that may
have important bearings on the history of the Hebrew
religion are to be financed wholly or in part by a trust fund
established by Mrs. Abbie Beecher Longyear, of this town.
Already one expedition, largely supported by the Zion
research Foundation, as the endowment has been named,
seeking original manuscripts in the Nitrian desert of
Egypt and at the site of the ancient monastery on Mt.
Sinai. Valuable papyrus has been secured thru Profes-
sor Francis Kelsey, of the University of Michigan, acting
for the foundation. The American School of Archaeology
in Jerusalem also is a beneficiary of the Longyear trust.

The study of the beginnings of
religion, especially the Hebrew
religion, and its development has
been pursued for many years by
Mrs. Longyear and the subject en-
dorsed the attention of her hus-
band, John Murno Longyear, for
several years before his death.
Both came to believe that the
keys to some of the apparent mys-
teries of the past concerning the
Hebrews were to be found in
Egypt and its ancient monuments
as well as in the land beyond the
Red Sea, the Jordan, the Tigris
and the Caucasus.

Three of the five trustees of the
foundation have been selected.
They are Mrs. John M. Longyear,
Frederick P. Burall and James F.
Ford. A statement issued by the
trustees says:
"The primary purpose of this
trust foundation, which already
has been provided with large re-
sources, is to facilitate and ad-
vance research into the origin of
the Hebrew religion and to pro-
mote more general study of that
subject and its application to hu-
man needs. The means which are
being adopted for carrying out
the general purposes of the trust
include the collection of source
books, translated and develop-
ment of religious thought based
upon the Bible."

"One of the objects of this founda-
tion is to have important source
books in foreign languages, bear-
ing on the subject of the Holy
Scriptures, translated into Eng-
lish, and also to assist in the
translation into English of what-
ever is available of the writings
of the early Christian Fathers."
"About two years ago an ar-
rangement was made with Sir Er-
nest Wallis Budge, the distin-
guished director of the division of
Egyptian and Assyrian antiquities
of the British museum, whose co-
operation and advice has been of
the greatest value to assist those
representing the foundation in
America in the creation and estab-
lishment of a library of what may
be described as original Scriptural
sources."

SUPERVISORS ENDORSE SMALL'S ROAD PLAN

Resolution Is Adopted Unani-
mously in Kankakee County.

Kankakee, Ill.—The following
resolution, endorsing Governor
Small's \$100,000 road pro-
gram and calling on the mem-
bers of the legislature from this
district to support the governor's
plan was unanimously adopted by
the County Board of Supervisors
in session here today.

"To the Chairman and Mem-
bers of the Board of Supervisors
of Kankakee County:

"Whereas, the Honorable Gov-
ernor Len Small in his recent
message to the state legislature
has proposed a \$100,000,000 bond
issue for the construction of hard
roads in Illinois, and

"Whereas, we believe this to be
one of the most important meas-
ures ever undertaken by any chief
executive of any state in this
union, and we are sure that the
sentiment in our respective townships
is highly in favor of the plan,
knowing as the people do that
Governor Small already has made
Illinois the greatest hard road
state in America by constructing
more than 700 miles of hard
roads during the past year alone, and

"Whereas, we wish to express
our complete confidence in his
ability to build the highest mil-
lage of roads for the least money
as he has already displayed his
wonderful business qualities by
bringing down the cost of road
construction many thousands of
dollars despite the opposition of
the big commercial trusts, and

"Whereas, we are heartily in
accord with the plan which will
raise the \$100,000,000 solely
from the present automobile li-
cense fees of the state and will
not add one penny to the general
taxes of the people.

"Therefore, be it hereby re-
solved, that we, the supervisors
of Kankakee county, representing
more than 40,000 men, women
and children, do hereby highly
commend Governor Small for the
wonderful work he has done for
Illinois and we further heartily
endorse his plan for the raising
of an additional \$100,000,000 to
be paid for by the automobile li-
cense fees, and

"Be it further resolved, that we
urge upon our state senator, Hon.
Richard R. Meents, and our state
representatives, Hon. C. B. Saw-
yer, Hon. L. E. Holderman and
Hon. J. W. Rausch, that they cast
their votes in the state legisla-
ture in favor of the plan advo-
cated by Governor Small, and that
they use their influence wherever
possible to secure the adoption of
the plan so that it can be sub-
mitted to the people of this county to
be voted upon.

"Be it further resolved, that
certified copies of this resolution
be sent by the county clerk to
Governor Small, Senator R. R.
Meents, Representatives C. B.
Sawyer, L. E. Holderman and J.
W. Rausch and the Department of
Public Works at Springfield.

MEXICO NEEDS FRIENDLY RELATIONS

Havana, Cuba.—"Mexico needs
a Messiah in the form of a man
who has the courage to brave un-
popularity by seeking the friend-
ship of foreign countries, espe-
cially the United States," declares
Emeterio de la Garza, pre-revo-
lutionary Mexican statesman,
who arrived in Havana from
Europe after nearly a decade of
exile.

"Mexico needs foreign capital
and immigration," Senor de la
Garza continued, "and must en-
courage and protect them. We
must lay aside our exaggerated
patronism, which tends to isolate
us from the world. We must con-
sider ourselves from an inter-
national viewpoint."

Senor de la Garza, who asserts
that Mexico is being estranged
even from her Latin American
sister republics, is unable to find
even a revelling of silver lining
to the cloud he sees hovering over
his country.

BRADLEY COLLEGE HAS BOWLING LEAGUE

Peoria—A six-team bow-
ling league has been organized among
members of Bradley college. Fac-
ulty members make up a five-
man team. Plans are under way
to arrange a match with another
college team.

LOWER TAXES NOT YET IN SIGHT SAYS BABSON

Statistician Reports on Tax Situation in Wash-
ington for Business Men and Investors

WELLESLEY HILLS, Mass.,
Feb. 9.—"When all taxes be re-
duced?"

The problem is uppermost in
the mind of the American busi-
ness man and investor as he fig-
ures his report for 1922.

To get the answer Roger W.
Babson, statistician has spent a
week in Washington studying the
tax situation. His first hand find-
ings and unbiased report is of vi-
tal interest.

"Future taxes," says Mr. Bab-
son, "depend, in part, upon future
expenditures. The figures for the
past year on this score, at least,
are very hopeful. Whatever criti-
cism may be made of the present
administration it must be admit-
ted that it has exerted a contin-
uous effort to reduce expenditures.
An honest attempt is being made
to introduce and operate a bud-
get system. At the conference of
Bureau Chiefs, held recently at
the Continental Memorial Hall
some 60 men met to affect further
economy in the operation of the
Government business.

"Fixed charges, interest rates,
and previous obligations, of
course, cannot be changed, and in
spite of the splendid work done
to cut down current expenditures,
the expenses of the Government
for 1922 reached a total of \$3-
795,302,499.80. Nearly one bil-
lion of this amount was paid out
as interest on the public debt such
standing securities in the United
States, \$253,800,000 was used in
pensions to soldiers, or their de-
pendents, of the War of 1812-
Mexican War, Indian Wars, Civil
War and Spanish American War,
while \$450,000,000 was paid for
compensations, care and training
of veterans of the World War.
Approximately \$455,000,000 went
for the army, and \$475,000,000
for the navy. About 50 percent
of our total expenditures go to the
payment of interest, sinking funds
pensions and the relief to veter-
ans.

"During the fiscal year of
\$622 the Government collected
\$4,109,104,150.95. Present pro-
spects, however, indicate that no
such amount will be collected in
1923. The Excess Profits Tax
has been removed and general busi-
ness is not as prosperous, and
therefore will not yield as much
taxes as in previous years. To
meet this situation, President
Harding has earnestly requested
that expenditures be cut by \$2-
000,000,000.

"If we look at the United States
Government as we would a cor-
poration, there is no cause for
alarm. Expenses have increased,
but expenses have increased in-
creased in all businesses. On Jan-
uary 1st, 1923, we had in the United
States, in gold \$3,933,475-
615, about 45 percent of all the
gold in the world. Of this, over
three and one quarter billion is
held in the treasury mostly in the
form of bullion. If we look at
the ledgers, we find that 3,600-
000 tax payers and 101,300 cor-
porations contributed \$2,068,128-
192.68 in 1922. While only \$356-
443,387.18 was received from cus-
toms and duties.

"Further study indicates that
the present during the next few
years is not one of trying to de-
crease the present budget, but
rather of trying to hold it where
it is and keep it from going much
higher.

"Unless a miracle happens,
some sort of bonus bill will be
passed in 1924. If not passed
with the President's consent it
will probably be passed over his
veto. This will call for a huge
additional sum of money. There
is a tremendous road build-
ing program, the proposed nat-
ionalization of coal mines and the
demands upon the treasury by the
Farmer Bloc.

"When I talked with financiers
regarding possible measures of
taxation to meet these additional
expenditures and proposed in-
crease in our national budget, the
suggestions are as follows:

- (1) A Sales Tax, (2) A tax on
Light Beer and Wines, (3) Fur-
ther Customs and Internal Revenue

- (4) Collecting from Europe the
\$10,000,000,000 owed us and,
(5) The Restoration of the Excess
Profits Tax.

"The surest ancient of taxes
almost universally recommended
the Sales Tax, but politically there
seems to be little chance of the
new Congress putting it thru. A
tax on light beers and wines at
the present time is certainly out
of the question. Both custom and
internal revenue taxes are as high
as the public can stand. Hence,
by the process of elimination the
political leaders strenuously re-
fuse to cancel the European de-
bt for fear of the re-enactment of the
Excess Profits Tax.

"Their fear in this regard is
well founded not from a purely
selfish point of view on the busi-
ness man who must pay such a
tax but because of its effect on the
prosperity of the whole country.
The re-enactment of such a tax
would be a distinct setback to
every one. Natural resources,
available labor, nor even capital,
is sufficient to make a country
prosperous. Russia is rich in na-
tural resources. Africa abounds
in available labor, and in every
country where money is cheapest
business is at its worst. Prosper-
ity is really the result of initiative

ASHLAND WOMAN'S CLUB IN REGULAR SESSION

Meeting Was Held at Baptist
Church With Interesting Pro-
gram—Other Ashland Happen-
ings Narrated.

Ashland, Feb. 10.—The regular
meeting of the Ashland Woman's
club was held Tuesday afternoon
at the Baptist church with Mrs.
Josephine Beggs as leader. Mrs.
J. H. Hubbs, Mrs. Dora Hines and
Mrs. Clara Huston as hostesses.
The main feature of the afternoon
was an interesting talk on Home
and its Arts by Mrs. Clarence
Meyers of Springfield. The Woman's
club chorus sang two selec-
tions followed by a reading by Mrs.
Lula McGough. Each member
was allowed to bring two guests.
The high school girls and their
teachers were also invited guests.
There was an unusually large at-
tendance. A social hour followed
the program.

Mrs. Lloyd Stribling, Daughter
Dorothy and Mrs. Harry Stribling,
entertained forty Wednesday at a
three course 1 o'clock luncheon
at the country home of Mrs. Lloyd
Stribling. The affair was a most
enjoyable afternoon spent, in
playing bridge. Ten tables were
for cards, Miss Bertha Camm re-
ceiving the highest score, was pre-
sented with a beautiful basket.
Mrs. E. R. Clemens got the con-
solation prize, and was given a
score pad. The home decorations
were roses.

C. W. Henderson was an Ash-
land caller Thursday afternoon
from West Menard.

Miss Olivet McDaniels was a
business caller in Jacksonville
Wednesday.

R. C. Douglas has moved his
family this week into the W. C.
McCreedy property.

Mrs. Mary Henn came to Ash-
land Thursday from Springfield
and spent the day with her son,
Henry Henn and family.

Williamsville basketball team
will play the Ashland team at the
Community High school here
Tuesday evening, Feb. 13.

Miss Marie Haggart who has
been in Bloomington visiting
friends has returned home.

Miss Nell Beggs, Mrs. Hallie
Carder and Miss Lena Cox enter-
tained the members of the Martha
Sunday school class of the Meth-
odist church Thursday afternoon
at the home of Miss Beggs. Thirty
were present to share the happy
event. The time was spent in
guessing contests and the working
of button holes. Mrs. H. O.
Beardles was given a Pyrex dish
making the best button hole. De-
licious refreshments were served
and a social time enjoyed.

Miss Emma Henderson was an
Ashland caller Friday afternoon
from near Tallula.

Miss Rose Keller of St. Louis
is here this week visiting at the
home of Mrs. William Gerbing.

Raymond Clemens who has
been here visiting his parents,
has returned to his work in
Beardstown.

TURKEY HAS WOMAN SPOKESMAN IN PARIS

PARIS.—"If every American
owner of a Turkish or an Oriental
rug will remember that this
thing of beauty is the work of the
hands of our women, perhaps he
will change his mind about our
status as poor, inferior creatures,"
recently said Mufide Hanum, the
first official woman lecturer sent
abroad by Turkey, and wife of
Ferid Bey, representative here of
the Angora National government.

"Western civilization should be
grateful to us for these carpets,
if nothing else," continued Mu-
fide Hanum. "For Turkish rugs
are made by uncultured girls and
women, often of nomad tribes.
They are all of our Turanian
blood."

"Americans and Europeans are
rather proud of their so-called civi-
lization, and they look down on
us from their heights of progress.
I wonder if you are aware that
our civilization is far older than
yours. It has lasted longer, and
may still be extending when yours
has decayed.

"I am proud of my blood. It
cherishes liberty more than com-
fort, even more than life. The
you and a half I spent at Angora
with my husband, with our army
and the refugees from Constantin-
ople I count among the happi-
est of my life. Turanian blood
today runs in the veins of every
crowned head and ruler left in
Asia. The facts speak for them-
selves. We Turks have been fight-
ing now for the preservation of our
country and race 14 years. This
might make of us a race of pes-
simists, yet we cannot be cowards.
Our next battle will be one to get
and hold the treasures of peace."

WORLD FOOD PRICES ARE SET BY AMERICA ENGLISHMAN SAYS

Statement Made by President of National
Chamber of Trade—Must Reduce Cost of
Production in Order to Turn Inquiries
Into Orders—To Reduce American Goods

(By The Associated Press)
LONDON.—An encouraging forecast for improved
British trade in 1923 is made by Felix J. Blakemore, pres-
ident of the National Chamber of Trade.

"I am convinced that our industrial conditions will im-
prove," Mr. Blakemore writes, "and while paying due re-
gard to the importance of our pre-war European markets
and their present stagnant condition, the prospects of a
greatly increased trade with our overseas dominions,
crown colonies and dependencies are distinctly reassur-
ing. It will be remembered that early this year our over-
seas dominions floated large loans in London for purposes
of development. These were mostly over-subscribed, and
now that the schemes are maturing, large orders for plant
and machinery are being placed in Great Britain which
will gradually expand as the work proceeds.

"The foreign markets of the
World—other than the United
States—are increasingly active in
their inquiries for British goods,
due in the main to the failure of
Germany to execute orders, and al-
so somewhat to the raising of the
United States tariff wall by the
passing of the Fordney Tariff Bill.
If only we can reduce our costs
of production, and therefore our
prices, we shall be able to rapidly
to convert those inquiries into orders."

Mr. Blakemore predicts that
cost production will be reduced
by a fall of 5 points in the living
price about March, and a further
considerable reduction 12 months
hence. This is based on the ap-
preciation of the value of the
pound sterling in America, which
will enable American produce to
be reduced in price to the con-
sumer, and America is so impor-
tant a factor in the supply of food
goods to this country, that Ameri-
can prices of food rapidly become
world prices.

"The increased food supplies, to-
gether with appreciation of sterling
values, will undoubtedly
bring cheaper goods to the con-
sumer, and if, by reducing the
cost of living, it does not im-
mediately reduce production cost
to manufactured goods, it will at
least increase the purchasing power
of the British public and so
stimulate the home for the goods
we make."

WILL PROVIDE OVER 250,000 CHEAP HOUSES

London.—By the A. P.—Since
the signing of the armistice in
November, 1918, the British gov-
ernment has erected 184,916
houses in England which have
been leased at low rentals to those
who were financially affected by
the war and industrial conditions.
The present building program
provides for the immediate erec-
tion of 30,229 more such houses,
with an additional 50,000 in the
future.

WHITE POPULAR COLOR FOR WOMEN'S HAIR

Paris.—The fashionable color
for women's hair this year will be
white, according to feminine hair
dressers. Those women blessed
with raven locks, in order to keep
up with the fashion, will have to
powder their hair.

Byron McNeely of Scottville
called on local friends Saturday.

On the Job

A man offered a doctor \$50 to cure him of the
habit of cutting at a tree with his buggy whip
as he drove to town.

The doctor cut down the tree and collected the
fee.

Simple, wasn't it?

You pass our door maybe two or three times a
day. We can save you some money on your
suits and overcoats, but you have to stop and
come in.

We're right on the way to and from the movies.
We have the goods, the knowledge and the
ability to serve you well, and our prices will
save you money because of our lower overhead
expenses.

How about that lighter weight overcoat and
new spring suit?

What Does It Mean to
'Have Your Block Ground'

The inside of your motor is as delicate as the inside of the human body.

A few particles of foreign matter left inside will often start total destruction of the engine.

We wash each part thoroughly and we use great care in assembly in order that the car will stand up and give the mileage built into it.

Main shaft alignment is very important, second only to the cylinders. The tendency is to spring out of line in the center bearing and wear out of round on the crank pins. In order to overcome this wear and make like new, the shaft must be refinished. This delicate and exact machine work is also performed on a grinder. This machine is more complicated than the cylinder grinder.

Morgan County's Centenary
County Established January 31, 1823

Some Pioneer History

FROM MANUSCRIPTS OF FRANK J. HEINL

In compiling this story of a century ago errors may have crept in and important facts may have been omitted. Suggestions and corrections will be acceptable.

These settlers erected better buildings, enlarged the quantity of cultivated lands, sowed down pasture fields and introduced an improved stock of cattle, horses and hogs. They fattened cattle and hogs for the market and perhaps erected flour-mills, saw-mills or distilleries. Farmers of this description were frequently partners in stores and banks or public officials. These conditions of settlers were not uniformly distinct, for not infrequently individuals of one class passed into another.

Public Lands

After the Indian title was extinguished, the lands became government land and the first step in the transition to private property was its survey into townships and sections.

In 1804 the government commenced surveying all lands north of the Ohio river and east of the Mississippi river to which the Indian titles had been extinguished. In 1818 most of the lands to which the Indian title had been extinguished had been surveyed. The Military tract in Illinois between the Illinois and Mississippi rivers was all surveyed by 1817 and the distribution of the lands therein to soldiers entitled to bounties began that year.

Sale of Lands

The regular procedure in the disposition of the public lands at that time was sale by the govern-

ment without distinction between settlers and speculators. To facilitate the sale of the lands local land offices were established, but it was not until 1814 that lands in Illinois could be purchased from the government. The government first offered the lands at public sale. After lands had once been offered, those not sold for more than two dollars an acre could be bought at private sale for the minimum price, two dollars, which was soon reduced to a dollar and a quarter. Only a small proportion of the lands was sold at public sale. Because of the long delays in offering the lands for sale, many settlers made improvements on lands to which they had no title.

In the eyes of the law these settlers on the public domain were intruders with no legal rights to their improvements. In 1813 and 1814 congress passed acts under which settlers who actually inhabited and cultivated lands were granted a preemption right to not more than the quarter section on which they were located, that is, they could purchase the tract at the minimum price.

Morgan County Lands

The lands in Morgan county were originally in the Kaskaskia land district. The land office there was established March 26, 1804, from there the land office was moved to Edwardsville Oct. 28, 1816. The lands in this county in townships 14 to 16, North, Range 9 to 13 west were placed under the jurisdiction of the Springfield land office on November 3, 1823, and the lands in township 13 North, Ranges 9 to 13 West were moved to Springfield June 9, 1856.

The lands in Morgan county were surveyed between Feb. 1820 and May 1822, except those in T. 16, R. 13, which were surveyed in February 1823. The first entries of lands in Morgan county were made in November 1823.

Settlements in 1818

In 1818, the settled part of the state extended along the Mississippi river a little north of Alton and Edwardsville. There were scattered settlers in the present Bond county and in the southern edges of the present counties of Montgomery, Macoupin, Jersey and Calhoun and Greene.

Despite the multitude of town-site projects in the state, in 1818, there were only two places of sufficient importance and size to be called towns, Kaskaskia, the capital, and Shawneetown, the port of entry, and each had land offices. Edwardsville, the third land office town was then a mere village.

First Settlers

The Kelloggs were of English ancestry and they and their wives were each of much more ordinary intelligence. Considerable material has been printed about this Kellogg family including a book printed in English, a three volume genealogy and several other volumes and numerous magazine articles in America.

In New England

The first of this family of Kelloggs who came to America, Lieutenant Joseph Kellogg, came to New England in 1651 and located at Hadley, Mass., in 1662 where he established a ferry which was operated by the family for a century. Having been the father of twenty-five children, of course, his descendants are numerous.

His son Ensign Stephen and his family lived at Westfield, Mass., and were members of the Congregational church there.

His son Deacon Silas Kellogg, lived at Sheffield, Mass., where his gravestone still remains.

His son, Enos, who married Abigail Seymour, was a private in Captain Roswell Downing's company in John Ashley's Regiment in the Revolutionary War.

Silas, the father of Enos, was a member of the Revolutionary committee of Sheffield, Mass., and Silas, Jr., a brother of Enos, also served in the Revolutionary line and was several times a member of the Massachusetts legislature.

The records of the Revolutionary War show the names of many Kelloggs from the towns mentioned.

Seymour Kellogg, son of Enos and Abigail Kellogg, was born at Sheffield, Mass., March 31, 1779 and married first Esther Lawrence and after her death Nancy Wilcox. Eliza Kellogg, brother of Seymour, was born at Sheffield on Nov. 30, 1784. He married Elizabeth Derrick.

The Kelloggs removed from New England to Genesee county, New York several years before the War of 1812.

(To be Continued)

ENGLISH TEACHERS ACCEPT CUT IN PAY

London.—The National Union of Teachers has decided to accept the governments plan for a five per cent cut in salaries. The vote was 73,000 to 28,000 in favor of reduction.

The plan, while it calls for a reduction in salaries at the present time, provides for salary increases with each year of service, something which has never been in operation in England before.

INCOME TAX FACTS

No. 13.

Business expenditures are not always business expenses within the meaning of the income tax law. For example, a merchant may build an addition to his warehouse at a cost of \$100,000. This is a capital expenditure for an addition to his assets. Capital expenditures are not deductible.

Distinction is made between expenditures for an asset and expenditures in connection with an asset. If the merchant should, during the year, spend \$500 for repairs to his warehouse, such as painting the roof or replacing broken windows, he may deduct such amount as a business expense.

Medical, law or other professional books, machinery, tools, implements, or surgical instruments purchased by a taxpayer for use in his trade or profession, and which are of a permanent character are capital assets and their cost is not allowed as a deduction. A farmer may not deduct the cost of a threshing machine or tractor, these being capital expenditures, but is allowed to deduct the cost of hoes, rakes, and small tools which are used up in course of a year or two in farming operation.

The purchase price of an automobile, even when used wholly for business or professional purposes, is not deductible, but is regarded as an investment of capital. The cost of gasoline, repairs and upkeep of an automobile is deductible if used wholly in business. If used partly for business and partly for the pleasure or convenience of the taxpayer and his family, such cost should be apportioned accordingly.

SWEDEN MOVES MAILS
OVER HEAVY ROADS

STOCKHOLM.—By The A. P. — A strange sight in Northern Sweden is a sort of traveling post office consisting of a motor truck and trailer, mounted partly on ski runners and partly on tractor bands, and designed to negotiate the snow drifts in the country roads. The Postal Department, after making preliminary tests, has just put this new vehicle into service, and, if it proves successful it bids fair to revolutionize the winter carrying traffic of the Northland.

The new omnibus differs from the usual passenger conveyance chiefly in the adaptability of the chassis. Thus, for the ordinary smooth road the weight of the car is supported by four ordinary wheels, of which two are directly behind and between the rear wheels, while the other four are arranged on either side of the bus so as to track with the rear wheels. For still rougher going these side wheels run on tractor bands, resembling those used on tanks during the war. And when snow would make the roads otherwise impassable, ski runners are installed under the front wheels.

Besides handling mails and express packages, this bus can also accommodate 16 passengers. Most of the heavy mail is carried on the trailer. The car is electric-lighted and electric-heated, and it is considered remarkable that the motive power required comes from a 36 horse-power engine.

The General Director of the Swedish Postal Department, Julius Juhlin, who is responsible for the innovation, reports that the old system of transportation by means of horses had become entirely too expensive.

Most men have a secret longing for comfortable fitting hats. Gratify this desire by buying your next hat at FRANK BYRNS Hat Store.

PLAYS LIMITED
TO SIX HOURS

TOKIO.—Japanese actors and actresses, by combined action, have won two reforms which will benefit the public and performers alike. The clacker, or hired applauder, whose charges were a heavy tax on the actors, has been abolished and performances are to be limited to six hours, except twice a year, when they may be extended to eight hours. In old days a performance would last from morning till night and women spectators would change dress during the performance. Even up to the present, tea, cages and at least one meal were partaken of either in the dining room if it be a foreign built theatre, or squatting on the mats without leaving one's seat, if it be the old style theatre.

When a famous actor is on the program he generally plays in more than one play. Charges vary from 1.50 yen for fourth class up to 8 yen or 10 yen for box seats. When a foreign star appears, or a big charity performance has been organized, these seats go up to 15 yen. Seats at the Imperial Theatre are 6.50 yen and 7.80 yen for second and first class. In smaller Yurakuza theatre, which devotes itself to modern productions requiring less costuming, the prices are 3.50 yen and 5 yen. For the No. 100 theatre, which devotes itself to modern productions requiring less costuming, the prices are 3.50 yen and 5 yen. For the No. 100 theatre, which devotes itself to modern productions requiring less costuming, the prices are 3.50 yen and 5 yen.

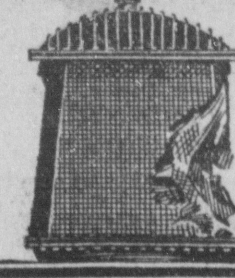

Our entire stock must be closed out by March 1st; cost and less if you are interested in saving money, come.

WAVERLY CHURCH MEN ENTERTAIN WOMEN

Supper and Program Given at First M. E. Church By Men, With Women as Guests—Other Items From Waverly.

Waverly, Feb. 10.—The men of the First M. E. church of Waverly entertained the women of the church Wednesday evening. A program was given in the Sunday school room. After which all repaired to the basement where a two course luncheon was served by the men. The young men acted as waiters and they acted as if

they knew just how to do the job. The men did not only wear their aprons, but all wore a smile on their face, which seemed to say, "We knew we could do it."

There were nearly 200 present. The fair sex seemed to enjoy it very much and one of the number took the stand and made a speech thanking the men, and saying it would be in order "to come again."

A revival meeting will begin in the First M. E. church Sunday with the pastor as preacher and Prof. H. J. Kurtz of Lafayette, Ind., as singer. People are expecting a great meeting.

Mrs. Charles Wiegand of

Glaspie is visiting at the home of her sister, Mrs. W. C. Fleming. Eugene Shaver of Hammond, Ind., visited friends here this week.

Rev. C. W. Andrew was called to Virginia Thursday to officiate at the funeral of Jesse Crews.

The young ladies of Mrs. C. W. Jones' Sunday school class of the M. E. church were entertained at the home of Miss Hazel McDewitt Thursday evening.

CONCORD M. P. AID SOCIETY HAD MEETING

Session Was Held at Home of Mrs. Frank Brown Thursday Afternoon—Other Concord News.

Concord, Feb. 10.—The Ladies Aid Society of the M. P. church held their regular meeting with Mrs. Frank Brown Thursday afternoon, Feb. 8th. The president opened the meeting by reading a verse of scripture followed by a prayer by Rev. Wallace. The roll was called with fifteen members and one guest present. After the business session a social hour followed in which dainty refreshments were served. The next meeting will be with Mrs. Molly A. Hamm, March 8th.

Mrs. A. C. Bolle of Jacksonville has been visiting her parents, Mr. and Mrs. C. A. Bator.

Mr. and Mrs. Melvin Smith were Springfield visitors last week.

Mrs. Mary A. Hamm has returned home from Jacksonville after visiting relatives there.

George Deltrick was a Jacksonville caller Thursday.

Mrs. James Webster has returned home from St. Louis after visiting relatives there.

Charles Eagle has been visiting relatives in Centralia.

The W. F. M. S. of the M. E. church met recently with Mrs. Filson at the home of Mrs. George Lewis.

John Johnson is quite ill at his home in Joy Prairie neighborhood.

Mrs. Henry Norstrup spent Friday with her sister, Mrs. Sam Brodhouse.

Don't forget the box social to be given by the High School Wednesday, Feb. 14th.

BOY SCOUTS LEARN OF FUTURE VOCATIONS THRU SCOUT PROGRAM

Thru its merit badge system the Boy Scouts of America affords a boy while still in his teens an insight into the world's work, thru the following sixty-one subjects: Agriculture, angling, archery, architecture, art, astronomy, athletics, automobile, aviation, bee keeping, bird study, blacksmithing, botany, bugling, business, camping, carpentry, chemistry, civics, conservation, cooking, craftsmanship, cycling, dairying, electricity, firemanship, first aid, first aid to animals, forestry, gardening, handicraft, hiking, horsemanship, interpreting, leather working, life saving, machinery, marksmanship, masonry, mining, music, painting, pathfinding, personal health, photography, physical development, pioneering, plumbing, poultry keeping, printing, public health, radio, safety, first, scholarship, sculpture, seamanship, signaling, stalking, surveying, swimming and taxidermy.

To secure a merit badge in any one of these subjects a scout must fulfill specific requirements which necessitate study as well as "learning by doing."

The merit badge work in numerous instances has helped boys decide upon their future vocations, and has enabled many to gain advanced work in various lines.

Vocational hikes are popular with the scouts. The boys visit the various centers of industrial, commercial and professional activity, where the high spots of the work are explained to them.

Boise, Idaho, Scout Council has recently instituted a Scout Chautauqua to give the boys a larger conception of the world's work and their future share in it. Prominent men, experts in various lines, have volunteered to address the boys.

HO, FOR THE LIFE OF A SAILOR!

A new craze on the Pacific coast—miniature sailboats like this one. The young lady is Lucille Bristol, Ocean Park, Cal., who's credited with introducing it.

MONTHLY MEETING OF TEACHERS HELD

Superintendent Shafer Outlined Policy for Increasing Efficiency in the City School System.

The monthly meeting of the teachers of the Jacksonville public schools was held Saturday morning at the high school. In a talk before the teachers, Superintendent B. F. Shafer outlined a policy for increasing efficiency in the city school system and issued a copy of an efficiency record and recommendation blank to be used as an aid to the members of the public school faculty. He also spoke of the work and scope of the National Education Association. The following extract is of interest as regards the work which is being carried on in the city schools:

In recent years there have been numerous efficiency record blanks prepared for use in scoring the efficiency of teaching. The results have not been very satisfactory because they tend to focus attention upon the teacher and teacher activities. The efficiency record blank which will be successful if it is ever compiled will be one which focuses the attention upon pupils and pupil activities.

There is no question but what the personal equipment of the teacher is an important factor in her success, but there are so many other factors influencing the results of teaching that we cannot say that two teachers of apparently equal personal equipment will get the same results in the school room. These measures are not objective. They are merely ratings on the basis of the opinion of the supervisor making the rating. Careful research work has demonstrated the fact that the same teacher may be rated at various degrees of efficiency by different supervisors.

The efficiency record as distributed to the teachers is almost an exact copy of one which the Webster Publishing Co. publish. It is not one that I expect to use and should in no way be construed as a form to be adopted by the supervisory force of our schools. On the other hand, it does furnish some very suggestive points for one to consider in a self-administered score card. No one will question but that these attributes are desirable attributes for any teacher. The teachers will find it worth while to rate themselves on the basis of the points mentioned in the efficiency record.

In my recent visits to the various class rooms, I have found some very excellent work in progress. In a few cases, however, the work could not be ranked so high. I have observed teachers conducting the class work when it seemed that they did not recognize anything excepting the mere spoken words of the students. They did not seem to be able to see their mistakes as indicating the processes and habits which were responsible for the errors. Ability to see the working of the student's mind in the solution of problems is something which must come in nearly all cases from a professional preparation and a professional interest. When an incorrect recitation is given the teacher should be able to recognize more than merely the incorrectness of the response. This is what we might expect of a layman. The thing that the real teacher will see is why that particular response is made in terms of the way children learn.

The Work of the National Education Association.

The N. E. A. has grown until it has become the most representative educational body in the world. It provides leadership in securing better educational opportunities for the boys and girls of the country. It sponsors the cause of the teacher. The first meeting of the people interested in the promotion of an association of this kind was held May 15, 1857. Since that time the asso-

ciation has grown until now it has over 100,000 members. To its last meeting which was held in Boston, delegates were sent from forty-seven states, three territories, the District of Columbia, and hundreds of local associations. It issues a journal that carries monthly to all of its members reports of its activities, accounts of educational progress, and material which every teacher needs for professional growth.

Its Research Division collects, organizes and disseminates live facts for use in campaigns for better financial support and improved educational conditions generally. Its Division of Elementary School Service gives personal attention to the problems of teachers and local organizations throughout the country.

Material sent out by the association in its journal, research bulletins, press service and special correspondence is used by thousands of organizations and newspapers and furnishes a background for public support of education enjoyed by the teachers of no other country.

Through its field work it is arousing the people to an appreciation of the importance of education to the welfare of community, state and nation. Its great program as presented by its field secretaries has won the support of influential citizens and organizations throughout the nation.

"THE FAR EAST" TUESDAY EVENING

Japanese Entertainment Will Be Given at the High School Auditorium Under the Auspices of the D. A. R.

"The Far East," the Japanese entertainment to be given at the high school auditorium Tuesday evening, Feb. 13th, under the auspices of the D. A. R., offers a delightful treat for the lovers of the artistic and fanciful phases of the drama. The players, Mr. and Mrs. Ongawa, are natives of Japan and bring their own quaint delicacy, grace and oriental charm to the rendering of their program.

Mr. and Mrs. Ongawa are making a tour of America and from all parts of the country come reports of pleased audiences and favorable criticisms. They bring with them their own Japanese stage settings and are to give a varied program of their native songs, dances, folk stories and a play translated into English.

The program which will be given on Tuesday evening follows:

- Part I.
- Instrumental—Feast of Lanterns—Gekkin and traps.
 - Sword dance—Kojima Takanori—with Samisen.
 - Story—Monkey and Jellyfish—Upside Down.
 - Ancient love song—Moonlight and Waves—Samisen.
 - Song—Lady Picking Mulberries—with Gekkin.
 - Folk dances—
 - Formal dance—Genroku.
 - Hanna Mi Odori—with songs.
 - Interpretive dance—Cho Cho (butterflies).
 - Comic dance—Okami and Hytogo, with songs.

Part II.

- Play—"The Fox Woman."
- Characters—Father Take-e, Son Take-e, Tusa, bride of Take-e, Flower Woman, Flower Vendor.

The Fox Woman is a cunning red fox which has taken the form of a woman and corresponds to the wife of a western legends. The play is an example of the latest development of the dramatic art in Japan, following closely the realistic methods of the west.

"THE CIRCLE" COMES GRAND SOON

The attraction at the Grand Theatre Thursday, Feb. 15th, will be Somerset Naughton's excellent comedy, "The Circle," for which the Selwyns have assembled the jubilee of stars to present the play on tour. Mr. Wilson Lackaye has the role of Lord Porteous, and his excellent work in "The Pit," "Children of the Ghetto," "Tribby," "The Inner man," and many others have stamped him as one of America's foremost stars. Henry E. Dixey is known to every theatregoer from coast to coast, and some of his well remembered successes are "The Man on the Box," "Mary Jane's Pa," "The Devil," "The Rivals."

Amelia Bingham, who was Charles Frohman's leading woman for five years, has starred in "The Glimmers," "Modern Magdalen," "The Frisky Mrs. Johnson," "La Tosca," and many others. Charlotte Walker is unquestionably one of America's best young stars, her work in "The Trail of the Lonesome Pine," was her first big effort; since then she has starred in "The Warrens of Virginia," "Just a Woman," "Nancy Lee," "Tea for Three," "Call the Doctor," and others.

Norman Hackett needs no introduction to local theatregoers. He has appeared with E. H. Sothorn and Julia Marlowe, Louis James, Margaret Anglin and Robert Mantell in Shakespearean roles, and has starred in "Classmates," "Beau Brummel," "The Typhoon," "A Double Deceiver," and many others.

With such a magnificent cast to present a play proclaimed by New York critics to be the smartest and best written that has been produced there in years, there is indeed a treat in store for local theatregoers. "The Circle" also ran for one solid year at the Haymarket Theatre in London and for one year in Paris.

SPRING COATS AND CAPES FROM \$8.50 to \$60.00, AT HERMAN'S.

ELM GROVE

Sam Angelo spent Sunday afternoon with Theodore Angelo.

Mrs. Seymour, Leitha Reat and Philip Scholfield spent Thursday evening with Miss Grace and Clarence Penneyhough.

Miss Ruth Hamel attended the play at the high school Tuesday evening.

Mr. and Mrs. Fred Conitas visited Sunday evening with Mr. and Mrs. Walter Lewis and family.

Mr. and Mrs. Robt Stainforth moved to a farm southwest of Lynnville Thursday.

Quite a few from this neighborhood attended the sale of Mr. Mary Sturdy Wednesday.

Dr. George Webster of Murfreesboro and Dr. George Brengle of Winchester were among professional callers in Jacksonville Saturday.

Rabjohns.

Song—Everybody (leader, Mr.
Wood).

With the rest of the kids to
Kampsville—C. Weber.

My first trip to Sparksville—
Mr. Dial.

The Jokers. My favorite sport.
One minute talks by boys.

Song—Male quartet and one by
the crowd.

The material was finished pro-
duct, or the boy and the man.
Stunts.

RETURNS FROM VISIT

Mrs. J. K. Harvey of East
Greenwood Avenue has returned
to her home after a several weeks'
visit with friend in St. Louis. She
was accompanied by her niece
Miss Lorna Calvert, who will
make a visit at the Harvey home.

**Tells of Celebration
For Miss Blackburn**

The letter which is printed be-
low was received in Jacksonville
recently and tells something of
the celebration which was given
in honor of Miss Kate Blackburn,
who on December 19 last, com-
pleted thirty years of missionary
service in Bulgaria. The letter is
written by Miss Dora Davis, an
associate worker with Miss Black-
burn and shows eloquently the
deep respect and love which the
people of Lovetch, Bulgaria, hold
for Miss Blackburn. The people
of Jacksonville are justly proud
of Miss Blackburn and of the
wonderful work she has accom-
plished during her years of service
in the Balkans.

The letter was read at the Feb-
ruary meeting of the Woman's
Foreign Missionary society of the
Grace Church, and also at the
Friday chapel exercises at the
Woman's College. It follows:

Dear friends who love Lovetch:
Many things have been happening
here and I do not remember when
and what I last wrote. Have you
heard anything regarding the
present school year? How we
passed the limit of our capacity
and still kept accepting applicants
because it simply was not possi-
ble to refuse? Can you imagine
conditions in Bulgaria now? Rumania and Serbia refuse ad-
mission to refugees. Greece takes
Greeks—and no others would care
to go there. It leaves only Bul-
garia as a "City of Refuge," to
the refugees.

Bulgaria lets them in and I can
tell you it is some crowd that
comes. Already in mere numbers,
her refugee population has added
25 per cent to her normal popu-
lation. Picture to yourself what
this means in the rise of prices
of all food and clothing staples
and in the housing problem. Or,
roughly paralleled by supposing
that the population of the United
States suddenly jumped from
normal to a 25 per cent increase!
You may wonder if we could find
materials for a Thanksgiving
dinner for the school this year.
Yes, we did, and it was quite the
best Thanksgiving Day that we
remember having in Bulgaria.

We are so happy I think we'd
have been thankful over black
bread and beans because the word
had just arrived of the appoint-
ment of two new missionaries to
come next summer.

And, on the day before Thanks-
giving, we got the business finish-
ed of the purchase of an adjoining
piece of land that provides a
part of the site we want for the
further enlargement of the Love-
tech plant. Was not that fine! It
will be such a big help if, when
asking for more buildings, we
can say no money is needed for
land, the site all ready and wait-
ing. And it cannot wait very long;
it is doubtful if new missionaries
with American ideas of sanitary
housing conditions will be will-
ing, or even able to crowd into
our present accommodations as
many pupils as were accepted this
year.

And Thanksgiving Day itself?
All content and happy. Dining
rooms gay with flags and ivy, yel-
low corn and bright squashes. In
honor of our little "Turkina"
who is as sweet a little girl as
any in the school, some one made
a Turkish flag and it waved gaily
among the Bulgarian and Ameri-
can flags. I wish you could have
seen the afternoon meeting in the
school room. Miss Blackburn led,
merely explaining the origin and
custom of the day as celebrated
in America, then tactfully asking
if we could not use it in Bulgaria.
It would warm your heart to see
the pupils, big and little, popping
up all over the room, some with
a verse of Scripture, some with
a more personal bit of testimony.
A wonderful hour. In the evening
our Lovetch W. F. M. S. held
its Thank Offering, as usual, its
program best we have had since
the war. So, too, was the collec-
tion.

If I am not tiring you I will tell
of another great day, December
19th thirtieth anniversary of Miss
Blackburn's arrival in Lovetch.
The Bulgarians got out a wonder-
ful celebration. Word was sent to
the graduates of the school but
Miss Blackburn had no inkling of
what was going on. This is how
they did it: long before dawn a
choir from the school awakened
her with a song at her door;
when she went to breakfast she
found the entire school greeting
her with the singing of the "Star
Spangled Banner," and she en-
tered and passed by her table un-
der an ivied arch bearing the
words (in Bulgarian) "All for
others, nothing for self." It was
all very beautiful and she thought
that ended the program.

But a public service at the
church at ten o'clock. There again
she found ivy and flowers (how
they contrived to collect so many
white flowers in December, I do
not know. No greenhouse!) and
a church overflowing with the
most influential people of the
town. There was fine music and
there were addresses from the
faculty of the school, from the
student body, from the mayor of
Lovetch representing the munici-
pal council, from the director of
the government gymnasium, from
various organizations of the city,
from our Lovetch W. F. M. S.,
and a large picture of Miss Black-
burn was presented. This is to
hold the place of honor in the
school assembly room hereafter.

The crowning feature of the
service was the announcement of
the creation of an endowment to
be known as the "Kate B. Black-
burn Fund" whose annual income
is to be used for the assistance

of poor pupils of the school. The
money has been quietly coming
in during the past two or three
weeks to the pastor at Lovetch.
The municipal council of Lovetch
voted 20,000 Bulgarian francs for
it and the rest, in big and little
sums, came from all over Bul-
garia. Again Miss Blackburn
thought the celebration was end-
ed. But she forgot that this was
Lovetch.

All the afternoon there were
congratulatory calls till, in the
kitchen, the tea and the sugar,
the lemons and even the hot water
were finished. You know we
must always serve Russian tea
for callers. Again Miss Blackburn
thought the great day ended. But
—this was in Lovetch! Scarcely
was the supper in the school din-
ing room over, to be exact just as
quickly as supper dishwashers
could finish their work and tables
could be removed, again she was
summoned. And then the school
got in its own special part of
the celebration. I do not see how
they had contrived to prepare it
all but the girls presented a most
delightful program of music and
scenes of characteristic Bulgarian
life and customs. Of course it was
all in costume and was most
beautifully carried out. Everyone
was hilariously happy and no
wonder for every one had worked
to help produce it. In fact they
had been so excited over the pre-
parations that the cooks had that
day forgotten to cook a part of
the dinner. One of the wash-
women, too had taken a day off
and—she spent it in going about
the city hunting the desired cos-
tumes. She was all smiles in the
evening and sat right by Miss
Blackburn. And how the girls
worked. Every one brought an
offering, some specimen of her
own handiwork, every one want-
ed to do honor and show appreci-
ation to the dear little lady who
came to Bulgaria thirty years
ago and has lived and worked for
others in the school during all
these years at Lovetch. The even-
ing jollification really ended the
day of celebration. All were ready
then to go to bed and to sleep.

But as I am writing, some days
after the 19th, people are still
coming to call, letters and belated
telegrams are still arriving and
contributions for the "Fund" are
still coming in.

Altogether and aside from the
pleasure of it all, both Miss Black-
burn and I feel that it was some-
thing to be most thankful for be-
cause it was purely a Bulgarian
affair and as such showed an en-
tirely voluntary and spontaneous
expression of the regard in which
Bulgarians hold the school and
its work in the education of Bul-
garia's young womanhood, and

**LADIES AID PLANS
LINCOLN DAY PROGRAM**

Catholic Ladies to Give Program
at K. of C. Hall Monday After-
noon

A Lincoln Day program is to be
given by the Ladies' Aid Society
of the Church of Our Savior at K.
of C. hall Monday afternoon. This
will conclude the pre-Lenten ac-
tivities of the society, a two course

their feeling for Miss Blackburn
and her work in the school during
the past thirty years.

Cordially yours,
Dora Davis.

Lovetch, Bulgaria,
December 23, 1922.

lunch on preceding the program.
It is hoped that all members will
be present and make this a great
reunion of all the society's mem-
bers.

Market Report

By The
Associated
Press

ALL GROUPS MOVED TO HIGHER GROUND

FINANCIAL SUMMARY
Day's total sales 686,000 shares.
Twenty industries averaged 101.70; net gain, .88.
High 1923, 101.70; low 96.96.
Twenty railroads averaged, 89.56; net gain, .39.
High 1923 89.56; low 84.53.
Bond sales, par value, \$6,214,000.

NEW YORK, Feb. 10.—Professional operations for the rise were conducted with increased vigor in today's brief session of the stock market. All groups moved to higher ground under the leadership of the sugars and independent steels. Sales, which exceeded 675,000 shares made it one of the most busiest half holiday sessions in many months.

High prices for Cuban raw sugar and the department of commerce's prediction of a shortage in the crops, further increases in the prices of mid-continent and Pennsylvania Crude Oils a big increase in the dividend on Atlantic Refining stock furnished the impetus for the advance, which also was influenced by reports of expanding business operations and higher earnings contained in the weekly mercantile reviews.

All of the principal sugar stocks soared to new high records for the year some of them to the highest prices in more than two years. Gulf States Steel which touched 92 1/2 and then fell back half for a net gain of nearly four points on the day led the advance in those shares. Crucible was not far behind with a gain of three points and Republic and Otis Steel preferred each gained 2 1/2 points. United States Steel closed fractionally higher announcement of an increase of 165,000 tons in the unfilled tonnage of the United States Steel Corporation after the market closed was a surprise to the speculative community which had expected a slight decrease because of the fact that the steel was reported to have declined a large amount of business last month.

Baldwin closed at 137 for a net gain of 1 1/2 and Studebaker crossed 120 and then fell back to 119 1/2 where it was up 2 1/2 on the day. United Cigar Stores which jumped 2 1/2 points to 209 was the feature of the specialty list, other strong spots of which were Underwood Typewriter, Kresge and Woolworth all up 3 to 10 points.

Demand sterling touched \$4.18 1/2 a net high record for the year and only 1/2 below the highest mark established in December which in turn was the highest in the three French francs eased off slightly to 6.20 cents and all of the other European remittances except those of Germany showed a reactionary tendency. Short covering by large speculative interests sent marks up to .0028 cents.

Declines of United States government bonds in cents per \$100 bonds follow:

3 1/2s, 2; First 4 1/2s, 2; Second 4 1/2s, 6; Third 4 1/2s, 4; 4th 4 1/2s, 4 and Victory 4 1/2s, 4.

The U. S. 4s were unchanged.

WHEAT MARKET SCORED A NEW UPTURN

CHICAGO, Feb. 10.—With domestic receipts decreasing and with Liverpool quotations showing an advance, the wheat market here scored a new upturn in price today. The close was strong at 3-4c to 1 3/8c net gain with May \$1.22 3/4 to \$1.22 7/8 and July \$1.15 1/4 to \$1.15 3/8. Corn finished 3-8 to 7-8 higher, oats up 1-2 to 5-8, and provisions varying from 5c decline to a rise of 2c.

On today's bulge in wheat prices the September delivery ascended to the topmost point yet this season, \$1.12 5-8. At no time did bears have the advantage and despite liberal profit-taking sales as well as the fact that a double holiday was at hand the market closed at nearly the highest level reached, traders taking special notice that arrivals of wheat today at the six leading primary centers were only 399 car loads as against 571 a week ago.

Altho export demand for wheat appeared almost at a halt it was contended on the bull side of the market that foreigners might be compelled before long to make their purchases at higher prices than at present prevailing. Comparative scantiness of European stocks was given as a basis for such opinions and there also was gossip that in some quarters an economic improvement abroad was being anticipated.

Corn and oats likewise touched a high price records for the season.

Country offerings were light and the corn outlook in Argentina continued bullish.

Grain strength helped to steady the provision market in face of weaker hog values.

K. C. LIVE STOCK

SWIFT & CO. PRODUCE MARKET REVIEW

A yearly semi-official production record of 1218.59 pounds of butterfat, equivalent to 1523.2 pounds of butter, from 31,610.6 pounds of milk makes a Minnesota cow, May Walker Ollie Homestead, the new American-record butterfat producer of all breeds. It would probably surprise a great many people to be told that the country would be richer in every way if the dairy cows, it now possesses were reduced from 24,000,000 to 12,000,000—provided the latter were the right sort of cows. No less than 97 percent of the dairy cows from which our milk supply is derived, by far the largest farm crop in the United States, are the wrong sort of cows. They are "scrubs" and their average yield of butterfat per year is not more than 120 pounds.

The butter market quickly reacted from the low point of last week and on February 9, Standard were quoted at 48 cents, as compared with a week ago, 44 1/4 cents. The receipts of butter appear ample for current use, although many distributors feel that on account of the higher prices to the consuming trade as compared with last year, there may be some slackening in the demand.

Production is greater than last year, no doubt due to more farmers bringing their cows in fresh during the fall.

The volume of poultry reaching the markets is considerably lighter and prices have advanced in both production and consuming centers. It is quite probable that the marketing of fowl will be considerably reduced, due to increased egg production, and current prices well sustained.

Eggs are reaching the consuming markets from an ever widening circle, and prices are closing on a lower basis than a week ago. It is fair to assume that a continuance of favorable weather will result in still larger receipts and a further reduction in market values, until the storage season is reached.

It turned out that too many eggs were stored last season at price, causing heavy losses, and values will probably have to be lower to attract investors this year.

Swift and Company, Chicago, Ill.

CHICAGO LIVE STOCK

Chicago, Feb. 10.—U. S. Department of Agriculture—Hogs—Receipts 7,000; unevenly steady to 10c lower; bulk 160 to 200 pound averages \$8.40 to 8.60; top \$8.75 on 140 pound averages; bulk 240 to 300 pound butchers \$8.05 to 8.15; weighty packing sows mostly \$7.00 to 7.25; desirable pigs \$8.00 to 8.60; estimated hold over 7,000; heavy weight hogs \$7.55 to 8.10; medium \$8.00 to 8.40; lights \$8.35 to 8.75; light lights \$8.50 to 8.75; packing sows smooth \$7.10 to 7.40; packing sows rough \$6.75 to 7.10; killing pigs \$8.00 to 8.60.

BUTTER SUPPLIES LIGHT

Chicago, Feb. 10.—The butter supplies were light today, demand was indifferent and the trade generally was losing confidence in the situation.

ST. LOUIS GRAIN FUTURES

St. Louis, Mo., Feb. 10.—Close: Wheat—May \$1.21 1/2; July \$1.12 1/2; Corn—May 73c; July 72 1/2 @ 73c

OFFERINGS OF WHEAT IN CASH MARKET LIGHT

CHICAGO, Feb. 10.—Offerings of wheat in the cash market today were light and the demand was only fair. Prices were better, and trading bases were nominally unchanged. Cash sales were 30,000 bushels. The seaboard announced no new export business.

Prices for corn were quarter to half cent better. Trading bases were unchanged on No. 2 grades and 1 to 1/2c lower on No. 3 grades. No. 4 grades were unchanged to 1/2c lower. Cash sales were 85,000 bushels. The seaboard said some corn was worked for export, but no figures were given.

Oats finished 1 to 1/2c higher in price and unchanged to 1/2c better on trading basis. Cash sales were 60,000 bushels.

Cars inspected: Wheat, 28; Corn, 208; Oats, 50.

Fordson

You Will Want Your
Fordson Tractor Early

Everything points to the greatest shortage of Ford products this year that has ever existed.

Never before has the demand been so great.

You will want a Fordson Tractor early—here is one product you cannot wait for—when the weather opens up you will need it.

You will want it for plowing, seeding, cultivating—and all your other work. Already it has proved the greatest help to profitable farming that has ever been offered to you.

And at \$395 f. o. b. Detroit, the price is so low that you lose money every day you are without a Fordson. To get delivery you must order early.

There are no reserve stocks among our dealers—our production capacity, great as it is, will not enable us to build up a reserve.

It must be a case of "first come, first served" and the only way in which you can protect yourself is to list your order with a Ford Dealer immediately.

By taking advantage of our dealer's first opportunity to make delivery, you will be assured of having your Fordson when you need it.

fice; reward. 2-11-1t

BLUFFS RESIDENT GOES TO SOUTHLAND

Henry Knoepfel to Spend Two
Weeks in Alabama and Missis-
sippi—News Notes of Interest
from Bluffs.

Bluffs, Feb. 10.—Henry Knoepfel
left Wednesday evening for a
two weeks' visit in the sunny
South. He expects to visit in
Alabama and Mississippi before he
returns home.

El Harsham of Meredosia
was a visitor in Bluffs Thursday.
Clarence Helbner and Miss
Faye Leck of Pittsfield spent Sun-
day with his sister, Mrs. Henry
Geisendorfer.

Harry Geisendorfer was a visitor
in Hannibal, Mo., Thursday.
Mrs. E. D. Beird who has been
the guest of her parents, Mr. and
Mrs. James Hamilton, since the
holidays has returned to her home
in Chicago.

Mrs. E. G. Gray, Mrs. O. A.
Woodson and Miss Fannie Cox
have returned from St. Louis
where the former has been pur-
chasing her spring line of mil-
linery.

Mr. and Mrs. H. G. Rockwood
and daughter, Eleanor, and G. C.
Rockwood and daughter, Gene-
vieve, and sister, Miss Helen
Rockwood of Springfield, arrived
Saturday evening to attend the
celebration of their mother, Mrs.
B. F. Rockwood's 72nd birthday.

G. C. Rockwood was 37 years old
on the same date, and since leav-
ing home he always makes it pos-
sible to return home on that date.

The Y. L. A. met in regular
session at the home of Mrs. Louis
Knoepfel Friday afternoon.

Arthur Albers has purchased
the fifty acre stock farm, 4 miles
south of town, known as the
Elizabeth Graham farm and will
remove there March 1st.

Ralph Blue and Merle Korty
have returned from New York
City where they had accompanied
two car loads of poultry. The for-
mer's car was shipped from Bluffs
and the latter gathered his load at
Farmington.

Herman Dunham and family re-
turned Wednesday from New
Salmon where they have been ill at
the home of a relative since the
burial of their little son, Pay Le-
Roy in New Salem Thursday of
last week.

PAID FANCY PRICES

"I paid an international authority
on diseases of the stomach \$1,-
500 and he didn't do me five cents
worth of good. I have been to
various Spas in Europe, as well as
this country and have spent fully
\$30,000 fruitlessly in search of a
cure for a stomach trouble. Nat-
urally I lost faith in any remedy
for my case. My wife's brother
had taken May's Wonderful
Remedy and praised it so highly
that I tried it and am now simply
rict of that trouble." It is a sim-
ple, harmless preparation that re-
moves the catarrhal mucus from
the intestinal tract and slays the
inflammation which causes prac-
tically all stomach, liver and in-
testinal ailments, including ap-
pendicitis. One does will convince
or money refunded. For sale at
all drug stores. —adv.

PAINTING OF LINCOLN ON VIEW AT WHITE HALL

Earliest Painting of Martyred President to Be Part of Lincoln's Birthday Display—Other White Hall News.

White Hall, Feb. 10.—A display appropriate to Lincoln's birthday is being arranged by A. M. Novits of the Peace grocery and on Monday it will have the addition of the earliest painting of Abraham Lincoln in existence, the property of Ernest C. Camm of White Hall. It is 2 feet, 3 inches by 3 feet life size. This painting was made from a sitting of Mr. Lincoln in the studio of Col. William Camm in Winchester in 1858, and was completed in 1860 from a photograph. Col. Camm was the father of the White Hall rabbit grower, and was a man of great ability as an artist and architectural engineer. He and Lincoln were personal friends, and when Lincoln

became engaged in the series of debates with Stephen A. Douglas, Col. Camm mounted the painting as a banner and carried it at the debate in Springfield. At this point verbal history comes in the version that it was while Douglas was speaking that the banner fell from the platform and received two holes that remain to this day. It was not realized then that painting would represent the greatest man of the age, and it at this day gives evidence of careless keeping. However, the canvas and all material composing it are first class, and a capable artist could restore it to its original appearance.

Col. Camm is well remembered all over this section of the state, especially in Scott and Morgan counties. He was Captain of Company K, 14th Illinois Infantry being promoted to lieutenant colonel while yet under legal age thru the action of Governor Yates at the recommendation of President Lincoln. He served with distinction from Nov. 25, 1861, until

June 24, 1864. His service with the government did not then cease for he was called upon to lay out the lines of national cemeteries at Shiloh and Vicksburg and lesser ones, because he had used his ability as a writer and sketch artist in preserving the details of these battle grounds that the government could obtain in no other way. Col. Camm's diary is a compilation of his daily observations during the war, and his record of the battle of Shiloh is perhaps the best eyewitness account of that engagement in existence. It also is in possession of E. C. Camm, but was lately loaned to Fritz Haskell of Winchester, who made a typewritten copy. Col. Camm received visits from Lincoln on the field during the war on several occasions.

Party at Goodrich Home

Social activities are getting back to normal and former status is reflected in a gathering of friends and neighbors Thursday evening in the home of L. O. Goodrich on East Bridgeport street to the number of twenty-five, not including the nine children present who ought to be considered the leading part of the company. It was an old-fashioned informal gathering that produced wholesome mirth and friendliness, with E. J. Crabtree as the leading actor, both in the games and in partaking of the refreshments.

Robert Shaw is back from a tour of several weeks in the south, visiting the lumber regions and the home of his boyhood at Natchez, Miss., where his presence called for an address to the public school. He says sentiment down there did not seem to be concerned with the White Hall postoffice appointment.

Mrs. W. S. Strang has been in a dangerous condition for the past few days with pneumonia, and since the death of her sister, Mrs. W. S. Pierce at Manchester, she has been in a stupor.

Community Service

The third quarterly community loyalty service in Princess theater will be held Sunday night under the auspices of the First Baptist church, and there will be a number of special addresses in line with general community progress and prosperity. Music will be furnished by the K. of P. band, and opportunity will be offered to give in a free-will offering an expression of the public as to the appreciation for the loyal labor of the band organization in offering its services in this and all community activities. The evening's program, therefore, will stress the value of the band to the community and its prominence under the present form of organization.

AUTO RADIATOR TROUBLES

SHADID FAMILY RETURN FROM BRAZIL

Mr. and Mrs. John Shadid and son Melvin have returned to their Jacksonville home after a six months' stay in San Paulo State, Brazil. The time was spent with relatives. Mr. Shadid expressed himself yesterday as being glad to be back in America. There is no real peace and quiet in South America and different states are constantly in revolution. Mr. and Mrs. Shadid were in Brazil during a recent election and he said that there was a regular revolution at the time. "If a candidate can't get an office any other way, he just shoots his opponent, and of course that settles it," Mr. Shadid laughingly remarked. "America is the best country, after all," he concluded.

WANTED

Girls for work in butter print room. Clean, sanitary. **SWIFT & Co. Produce Department.**

DROVER'S WHIP MADE HALF CENTURY AGO

G. H. Harney was yesterday exhibiting a drover's whip which was made by Edward Easton in this city over fifty years ago for John W. Martin, a prominent cattle man of the earlier days. The whip is now owned by Mr. Martin's son, T. P. Martin. It is in fine condition, Mr. Harney having recently braided in a new end.

FREEZE PROOF CORES installed in all makes of auto and tractor radiators.

SERVICE—

Our first requisite of good service is a thorough scientific examination of the eyes. For without it you can not get satisfactory glasses.

It is because we pay such careful attention to examinations that our service is of so high a standard.

Your eyes should be examined at least once a year.

Need Glasses?

COLLEGE OF MUSIC NOTES

Christine Cotner will play Kreisler's arrangement of the Melodie by Gluck at Grace church Sunday school on Sunday.

August Ulrich will play a violin solo at the Junior high school assembly next week.

Arrangements are now being made for a party to be given to all pupils of the children's classes who have had no unexcused absences.

An informal recital was held in each children's class on Saturday morning.

Prizes will be awarded at the end of the semester to the student who has done the most faithful work during the next few months, the student must be a member of the children's classes and high school pupils are not included.

Madame Colard sang "He Shall Feed His Flock" from Handel's Messiah at the morning chapel service on the Day of Prayer. She was assisted by Mr. Pearson at the organ.

The regular informal students recital has been postponed until February 15, on account of the week of prayer.

Gertrude Foster gave vocal numbers on an evening program at Petersburg last week end.

Lois Broadstone was vocal soloist at both morning and evening services of the Presbyterian church at Heyworth, Illinois, last Sunday.

It is of interest to music students to know that the Centenary of the great Belgian organist-composer Cesar Franck is being celebrated in many centers both abroad and in America.

Charles Courboin, concert organist, whose recital in the Christian church was so much enjoyed last Thursday has recently taken part in a series of concerts at the Wanamaker auditorium in Philadelphia and New York in which the entire organ works of the great Belgian were presented.

Miss Sapio and Miss Horsburgh have chosen this year in which to resume their study of Franck's magnificent sonata for viola and piano and will later submit their work to the expert criticism of Adele Margalies and T. Tertius Noble.

Illinois College Notes

Among the persons whom Dr. William E. Barton was especially anxious to meet while in the city this week was Mrs. David W. King, of West State street. Mrs. King is a daughter of Dr. Allen, who was one of Lincoln's friends at New Salem. Dr. Allen was the physician of New Salem, who would not accept fees for any of his Sunday work, and who was known for his interest in the temperance cause. Dr. Barton was greatly interested in what Mrs. King was able to tell him about her father.

The Agora Society gave a farewell party for Winifred Butler '24 last Tuesday afternoon. Miss Butler will leave for England soon, accompanying her grandmother. They will spend several weeks in New York, then sail for England. Miss Butler and her grandmother will spend about a year visiting Great Britain and the Continent.

Mrs. W. H. Govert, who died recently at Quincy was a graduate of the Young Ladies' Athenaeum. Her brother George Gridley Wood was an alumnus of Illinois College of the class of 1862. Her husband was graduated from the College in the class of 1867; her son George W. Govert was graduated in 1895, and her grandson George W. Govert, Jr., is now a sophomore in the College.

The Y. W. C. A. girls held a post-exam jubilee in the form of an indoor picnic last Monday evening in the Jones building. After the picnic the Advisory Board of the Y. W. was entertained at Miss Ruby Mann's home.

Among the books recently contributed to the College Library were several from the collection of the late Stella Cole, donated by her mother.

A recent accession to the Library is David Starr Jordan's book "The Days of a Man".

The Try-out for the Dramatic Club will be held Thursday afternoon at 4:00 o'clock in Jones Chapel.

Conservatory Notes

There will be a recital of advanced students next Friday evening, Feb. 16th, in Recital hall. Piano, violin and voice numbers will be given. The public is cordially invited to attend.

Miss Eunice Northrup and Lyndle Conboy will give a joint recital of piano and violin on Friday evening, February 23rd.

Mr. Kritch, who was ill during the past week, resumed his duties at the Conservatory last Tuesday.

The orchestra will hold its regular rehearsal next Wednesday evening, February 14th.

Phi Omega will hold its next meeting on Wednesday evening, February 14th at eight o'clock. Following is the program: Current Events, Ruth Dorwart; piano solo, Janet Brown; violin solo, Gertrude Curtis; vocal solo, Hilda VanTuy; paper on Hungarian music, Ross Bracewell; selection for two pianos, Ruth Dorwart, Opal Windmiller. Meetings are held in Mr. Munger's studio, and the Victrola is frequently called into use for illustration.

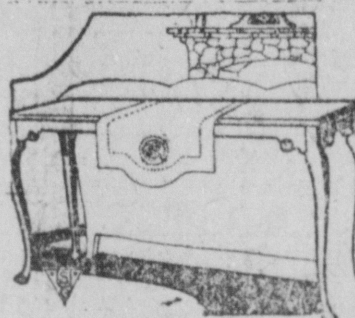

Miss Ruth Melba Armstrong is singing some solos, accompanied by Miss Esther Duncan, for the Woman's Club on Saturday afternoon, Feb. 10.

Mr. Kritch and Mr. Munger are spending Sunday in Bloomington.
